SHEVILLE, N. C., July 22.—(P)—Sheriff Laurence E. Brown pushed industriously over the evidence obtained in his six-day investigation of the hotel room slaying of little Helen Clevenger to get a "break" he predicted.

Meanwhile, Daniel H. Gaddy, 28-old night watchman described the sheriff as "the key to the case," waited in his jail cell his second grilling while Brown came back over the scene of the crime at the Battery Park hotel, subjected hotel employees, from manager to bellhop, to close questioning.

After sharply examining Gaddy last night, the sheriff said, "When I talk to him, we will know something," adding he believed the watchman, who has been held incommunicado since last Saturday, "is getting ready to talk pretty soon."

Not Suspected.

The watchman is not suspected of connection with the shooting slaying of the 18-year-old State college girl early last Thursday morning. Brown said. The time of her death has been fixed at 1 a. m., when a thunderstorm was raging.

Statements of the sheriff with reference to the watchman shifted the line from Mark Wollner, concert violinist, who was detained last Saturday night, and the three other persons without charges—Wollner's "dilly" 19-year-old Mildred Ward, and negro employees of the hotel.

Sheriff Brown said he wanted Gaddy explain why the tape of his time continued in Page 2, Column 3.

come of Farmers Shows Big Increase

WASHINGTON, July 22.—(AP)—Agriculture Department estimated today that for the first six months of 1936 farmers' cash income aggregated \$3,251,000,000, an increase of \$600,000,000 over the same period of 1935.

Officials said the six-month total year included \$171,000,000 in payments compared with \$288,000,000 of such payments in the same of 1935.

Cash income of farmers in June, including rental and benefit payments, placed at \$639,000,000, compared with \$585,000,000 in May and \$408,000,000 in June, 1935.

Cash income of farmers in June, a sale of farm products was placed at \$582,000,000. Officials said this represented an increase of \$1,000,000 over the same month last year, and compared with \$526,000,000 day this year.

Roosevelt Names Committee To Study Drouth Conditions

President Seeks Recommendations To Aid Sufferers.

By FRANK I. WELLER.

WASHINGTON, July 22.—(P)—Ordering an immediate study of "the most efficient utilization of the natural resources" of the nation's huge drouth area, and explaining that temporary relief was not enough, President Roosevelt today named a special committee to investigate and confer with him during a personal inspection tour of the sun-burned region in August.

In a statement issued through the White House, he selected Morris L. Cooke, rural electrification administrator, as chairman of the group to be known as the "great plains drouth area committee." The President himself is on a sailing vacation.

Other members of the committee included John C. Page, acting commissioner of the Bureau of Reclamation; Frederick H. Fowler, of the national resources committee; Rexford G. Tugwell, resettlement administrator, and Harry L. Hopkins, public works administrator.

Cooke called a meeting of the committee for tomorrow to make preliminary plans for the study.

"Circumstances made it obvious that relief activities are not sufficient and that a competent study and recommendations are desirable," the President said in a letter to committee members.

"I am writing to ask you," he added, "to serve as a member of the great plains drouth area committee to carry on a study looking toward the most efficient utilization of the natural resources of the great plains area, and especially toward practicable measures for remedying the conditions which have brought widespread losses and distress to so many inhabitants of the Missouri, Platte and Arkansas valleys, the panhandles of Texas, Oklahoma and other regions."

The chief executive indicated he would meet with the committee somewhere in the territory designated in August to confer on measures.

Heat to Return.

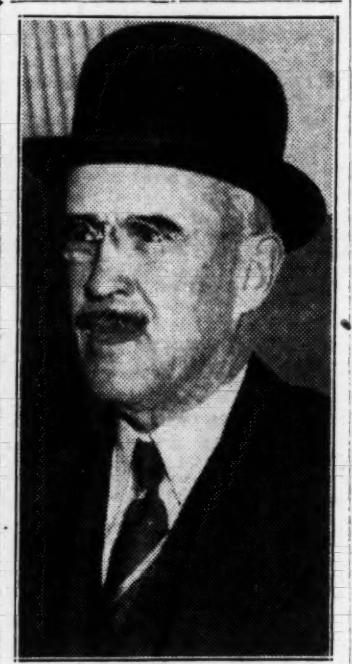

Forecasters J. R. Lloyd here said 100-to-105-degree temperatures would return to Kansas, Nebraska, western Iowa and northwestern Missouri tomorrow, but that the new torrid spell might not last more than a day.

The heat wave death toll remained just under 4,000 as additional deaths were reported in Nebraska and southern California. Lincoln and Omaha in the former state reported afternoon highs of 91, Grand Island and North Platte 102.

Corn prices in Chicago shot up on the hot weather forecast. After oscillating in the early trading, final figures were 31-5 cents higher, July finishing at 91-5.

With harvest reports beginning to come in.

P. O. JOBS TAKEN OUT OF POLITICS

Roosevelt Places All Future Postmasterships Under Civil Service Rule

WASHINGTON, July 22.—(P)—Dealing with an issue that has been subject to sharp debate in congress and the political arena, President Roosevelt tonight made public an executive order directing the gradual absorption of all postmaster appointments into the civil service.

The document, signed on Monday by the President and just made public by the White House, ordered that as quickly as vacancies occur appointments must be subject to civil service examination.

For reappointment, it required that an incumbent, upon the expiration of his term be found eligible by the Civil Service Commission through a non-competitive examination.

Or, it provided that a civil service employee in the postoffice in question might take a non-competitive examination for promotion to the postmaster position.

Otherwise, it empowered the postmaster general to direct the Civil Service Commission to conduct an open competitive examination to test the fitness of any and all applicants, with the postmaster general directed to "submit to the President for appointment . . . the name of the highest eligible."

In short, the order placed the incumbent postmaster, or one of his subordinates seeking promotion in the preferred position of taking a non-competitive examination or left the postmaster general free to direct that an open examination be conducted.

The order was made applicable to first, second and third class postmasterships. Fourth class postmasterships.

HOTTER WEATHER FORECAST TODAY IN DROUTH AREAS

Gov. Henry Horner Asks Federal Relief for Illinois; Small Grain Yields Reported by Farmers.

CHICAGO, July 22.—(P)—More 100-degree plus heat was forecast for a limited section of the middle west tomorrow as first threshing reports and late field surveys etched deeper the lines of drouth's ravages for many areas.

The situation as disclosed to Governor Henry Horner moved him to dispatch Illinois' first plea for relief to Washington authorities.

In the capital, President Roosevelt set up a national committee to study "practicable measures" for remedying conditions on the parched western plains through utilization of natural resources. In his letter directing the formation of the body, the president noted that "widespread losses" have been incurred by "many inhabitants of the Missouri, Platte and Arkansas valleys, the panhandles of Texas, Oklahoma and other regions."

The chief executive indicated he would meet with the committee somewhere in the territory designated in August to confer on measures.

Heat to Return.

INCOME TAX USED AS THREAT BY U. S., TALMADGE CLAIMS

Governor, in Speech at Moultrie, Charges Intimidation of Followers; Howell Backs Redwine.

By GLENN RAMSEY.

Associated Press Staff Writer.

MOULTRIE, Ga., July 22.—(P)—Governor Talmadge, candidate for United States senator, today charged federal agents were using threats of income tax prosecution in an effort to intimidate his political friends.

Before a crowd gathered here the Governor in his campaign against Senator Richard B. Russell Jr. said: "Agents, under the direction of the district attorney, camp on the trail of my friends."

Previously he asserted, "you know a United States senator approves the appointment of our district attorneys."

Howell Backs Redwine.

This southwest political rally for the Governor was marked by the announcement from Hugh Howell, chairman of the state democratic executive committee, that he is supporting and will vote for Charles D. Redwine for governor.

As Howell stepped forward to announce his support of the Talmadge-Redwine ticket he said "it's appropriate to sing 'Hail, Hail, the Gang's All Here.'"

Redwine, president of the state senate, is a Talmadge candidate.

"I read also that I have taken a walk," Howell said. "Well, that is not exactly correct. I am going to take a walk, though. I want to tell this great gathering of Georgians and the people all over the state that on September 9 I am going to walk to the polls and vote for Eugene Talmadge and Charlie Redwine."

In Pine Tree Grove.

The speaking was held in a pine tree grove at the Golf Country Club. Redwine, in his speech, predicted that Georgia will elect Talmadge to the governorship.

Came From Florida for Big Soap Box Derby

This Soap Box Derby contestant brought his speedy racer all the way from Lakeland, Fla., to enter the Atlanta event. He is Howard Gray, 10, and he brought his mother, Mrs. Gertrude Gray, along with him to see the big fun. Staff photo by Turner Hiers.

SOAP-BOX DERBY RUNS START TODAY

Two-Day Eliminations To Be Followed Saturday by Final Contests.

They're off!

This morning the first of the 1936 Atlanta Soap Box Derby racers will start rolling down the steep Northside drive hill at Wesley avenue. They will gather speed as they race down the swift incline until a roar of wheels tells the story of some boy who has won the first heat and has taken the first step toward the Atlanta championship, the trip to Akron, Ohio, and the national championship.

The first elimination heats are scheduled to begin at 10 o'clock this morning. The remainder of the elimination runs will be run at the same hour tomorrow morning.

And then comes Saturday, the big day of qualification. Tuesday, a day of thrills and hot competition, speed and glory for the winning Derby entrants.

But there will be plenty of fun and excitement during the two days of elimination trials, it was indicated yesterday when soap box racers of every conceivable type poured into the United Motors Service at 367 West Peachtree street, to be weighed in and measured for licenses and credentials.

The second day of the checking-in yesterday brought an even greater number of aspirants' cars than the first day of qualification. Tuesday, enthusiasm has been mounting steadily since the first announcement of the 1936 Derby and it will be at its peak today.

Guard Is Ordered Out In Labor Disturbance

MONTGOMERY, Ala., July 23.—(P)—(Thursday)—Colonel John T. Moore, assistant adjutant general of the Alabama national guard, this morning ordered 100 members of the 16th infantry out of Birmingham to Talladega, where labor troubles late last night culminated in the slaying of Deputy Sheriff John J. Bryant and the wounding of nearly a score of others.

Among those listed as wounded are: Gene Ledbetter, 20, former Talladega high school athlete; Joe Hayes, brother of Harvey Hayes; Marshall Black, J. A. Gann, K. O. Knight, Henry German.

WOMEN SHOULDER ARMS FOR DEFENSE

Fascists Roam Metropolis in Automobiles, Sniping at Left Groups; American Woman Shot.

GIBRALTAR, July 23.—(Thursday)—(P)—British authorities early today warned the commanders of Spanish warships that if further shells fell on the great rock as a result of the warfare between Spanish rebels and loyalists, the fire would be returned by British artillery.

WASHINGTON, July 22.—(UP)—Danger to American lives in Spain had reached such a pitch tonight that the State Department announced it was attempting to arrange for evacuation of American nationals immediately, without awaiting the arrival of American warships ordered to Spanish waters.

Officials moved to have American merchant vessels speed to Spanish ports and take off beleaguered Americans.

First arrangements were conducted with the American Export line to have the steamship Exeter, due at Marseilles, France, on Thursday, diverted to Barcelona to evacuate those Americans who wish to leave.

Fifty thousand rebel troops were reported within 35 miles of Madrid last night, converging on the capital in two columns—one from the north and the other from the south, where the rightist-military revolution commenced almost a week ago. Observers believed a major engagement imminent and estimated that with all factors considered, the forces were about equal.

The government, while announcing the capture of eight important rebel positions, hastily erected sandbag barricades around the outskirts of the city. Fascist snipers resumed fighting in Madrid, speeding over the city in fast automobiles and firing upon leftist groups. Women shouldered rifles and worked hand in hand with the military authorities, principally in patrolling the streets.

The government reported the rebels have been routed from Toledo, Guadalajara, Almansa, La Granja, Hellin, San Roque and Navalpala. Barcelona has already been put under government control.

American Wounded.

An unidentified American woman was wounded in fighting at Guadalrama, about 40 miles north of Madrid, last night. The American legation telephoned offering them the protection of the embassy.

In Washington, Secretary of State Cordell Hull revealed that the United States is contemplating the reestablishment of a permanent fleet in European waters.

British ships at Gibraltar were endangered by shell fragments during a plane-sea battle between rebel airplanes and loyal sailors. No deaths were reported.

5 COUNTIES UNITE IN NEW DEAL 'CUE'

Farmers Expect 15,000 at Fort Valley July 30 at "Prosperity" Program.

FORT VALLEY, Ga., July 22.—Farmers of five middle Georgia counties—Crawford, Houston, Macon, Peach and Taylor—have banded together for the biggest celebration Fort Valley has seen since the days of the peach festivals—a barbecue at which more than 15,000 persons will acclaim the prosperity the New Deal has brought them.

The celebration will be held at the grammar schoolhouse in Fort Valley on Thursday, July 30.

Scattered throughout the five counties, and everyone in Georgia is invited to join in this spontaneous offering of the farmers in appreciation of the benefits they have enjoyed as the result of President Roosevelt's fight for legislation in the interest of the farmers.

Russell to Speak.

The monster barbecue is being sponsored and paid for by the farmers of the five counties, and is expected to be the largest farmers' barbecue ever held in the state. United States Senator Richard B. Russell Jr. has accepted their invitation to deliver the principal address at noon, Atlanta time. The address will be broadcast.

Four other speakers on the program will be farmers, one from each of the five counties. They will devote three minutes each to their expressions of approval of the Roosevelt administration's work, which has been aided by Senators Russell and Walter F. George and all the members of Georgia's congressional delegation.

Senator Russell will be introduced by R. L. Dicker, a farmer of Crawford county; a former state senator and member of the legislature. Chairman of the meeting will be J. D. Duke, another farmer.

Testimonial to New Deal.

With all the farmers of the five counties contributing to the success of the demonstration, its sponsors are assured it will be the greatest testimonial to the New Deal that has been

FEDERAL REVENUES REACH NEW HIGH

Records Indicate Largest Income Since 1921 and \$3,520,000,000 for Year.

WASHINGTON, July 22.—(AP)—A comparison of treasury records today revealed that government revenues for the fiscal year just closed were the largest for any year since 1921.

At the same time, a breakdown of receipts for the year showed the income tax trending back toward its once dominant position as the source of most of the government's income.

Total federal revenues from all taxation sources were \$3,520,000,000 for the fiscal year. Not since 1921, when they totaled \$4,595,000,000, have they been higher. For that 15-year period, moreover, 1935 was second highest, with revenue totaling \$3,290,000,000.

Hit Bottom in 1934.

In 1929, income tax receipts provided 79.4 per cent of the government's revenues. The next year the ratio dropped to 78.5, then to 76.6. In 1932 it fell to 67.7 per cent; in 1933 to 46 per cent and in 1934 it reached its lowest point, 33.5 per cent. The fiscal year 1935 saw it rise to 33.5 per cent, and that trend was continued by the figures for the fiscal year just closed, which placed the percentage at 40.5.

Two reasons were assigned for the depression-era slump in tax receipts. The obvious one of rapidly shrinking incomes, and a second in the fact that to make up for this

SPANIARDS BATTLE ABOVE GIBRALTAR

Britons Flee for Shelter as Fragments of Shells Fall Upon Big Rock.

GIBRALTAR, July 22.—(P)—Anti-aircraft shells burst high over this famous rock tonight and hundreds fled for shelter from a raging air-sea battle between loyal Spanish warships and a rebel fleet of warplanes.

Exploding shells menaced the British city. Residents and refugees were panicked. Splinters crashed at Europa, southernmost point of the rock; a "dud" plumed into the sea near a commercial coal mole; a shell blew apart high over the Catholic cathedral; shrapnel fell near the luxurious Rock hotel, high on the west face of Gibraltar.

After the last planes headed back across the straits to North Africa, two chimneys and a roof garden on the hotel were found to have been badly damaged by exploding shells.

None Touched.

The warships, lying off the rebel harbors of Algeiras and La Linea, trained their guns on the bombarding planes as the fliers dodged low about the rock-like swallows to escape the fire.

The rebel planes roared over in two flights, the second group of four diving the heaviest strafing. The aim of the gunners was poor, however, and none apparently was touched.

(A fascist radio broadcast from Seville, picked up in Lisbon, Portugal, said rebel planes had sunk three liberalist government warships off Cadiz. The ships were bombarding the town, the broadcast said.)

The bombardment off Gibraltar climaxed a tense day in which a dozen loyal craft off the coast threatened to shell the rebel strongholds and the latter replied with a threat to summon aircraft which would "sink them in 10 minutes."

In the loyal fleet were the cruisers Jaime I, the Libertad, and the Cerberus.

Cobb Says: Women Are Curious Sex

By IRVIN S. COBB.

(Copyright, 1936, by North American Newspaper Alliance, Inc.)

BOHEMIAN GROVE, Cal., July 22.—Up here in the Bohemian Club's grove where, during the summer encampment, no women are allowed either at large or on the leash, I've been thinking about their little peculiarities.

If two women were cast away on a desert island, with just each other for company, and after, let's say, 10 or 15 years, the rescue steamer arrived, they'd both be half-way up the gangplank before either remembered the really important things she'd been intending all along to say to her companion, and no matter if the tide were falling and the wind rising, they'd stop right there in their tracks and thrash it all out.

If you doubt this, see what happens when a pair of them are swapping good-byes, after an all-day conversation, on finishing a long chat by motor trip together. If they can find a narrow doorway where they'll block traffic, that's where they'll halt, always.

It's a curious sex, anyway you take it. But we men keep on talking it and liking it. I don't know whether we're dumb—or numb. Must be one or the other.

Friendless and without a lawyer, Corbin sat hunched on a chair denying everything, except that he had lost all his money and he was quite sure that the Shadburn Banking Company and the Allen family, which controls it, was responsible.

"I'm not mad at Mr. Allen," said Corbin. "We been threatenin' to kill one another for 20 years, but it ain't never amounted to nothin'."

Allen told of the ghostlike old man's constant haunting of the Allen homes and business offices.

'AIN'T MAD AT ALLENS,' SAYS ACCUSED CORBIN

Continued From First Page.

tomobile or a tree, just glaring at me. As I walked through the town, I would find him behind a tree or the corner of a building, glaring at me. I'd try slipping out the back door of my house in the morning—not because I was afraid of him, but because I wanted to avoid his steady glare.

"He'd manage to find me, though," Corbin interrupted.

"I'd just love to ask a question, Judge."

"Go ahead."

Turning to Allen: "Mr. Allen, did I ever say anything to you?"

"Take Me to Hell."

"You said you were going to take me to hell with you. That was about three or four years ago. I told you that I'd be damned if I was going in that old broken-down wagon of yours."

"How about that, Corbin?" asked Judge Griffith.

"Well, Judge, it all started about 20 years ago—"

Corbin, at every chance to talk, would revert to untoward happenings of 20 years ago. Judge Griffith would insist that he confine himself to a discussion of the threats in the last two or three years on the lives of the several Alleens.

"Judge," Corbin would protest, "if you will just give me time I will explain."

"Well, go ahead."

"Sometime about 20 years ago, Judge—"

Incidents of the Past.

Corbin's mind seemed hazy on recent happenings but alert on the happenings of 20 years ago. There was a matter of the Alleens closing a road through their tannery that he had been using to haul wood to his farm outside of Buford. There was a time when he found hides from the tannery dumped in the road; he jumped from his wagon and chopped at the hides with an ax and was threatened by one of the Alleens. There was the time back in 1912 when he bought the old Wilson place and there was a mortgage that John Allen—

"You're a damned liar!" shouted Allen.

"Aw, Mr. Allen!" commented Judge Griffith. "Shucks, you mustn't talk like that in here."

Allen apologized and resumed his seat.

Again, Judge Griffith would try to steer Corbin's testimony into more recent and pertinent channels, but—

"They closed up that road 20 years ago, Judge—a road that had been open for 75 years. They got a railroad block up there now."

Arrested With Knife.

Witnesses described how ten days ago Corbin had been seized with a six-inch springback knife and locked up after trespassing on the Allen property in Buford. It was his arrest on this charge that caused the Alleens to revive the extortion letter that was written a year ago and start the prosecution of Corbin as a liar.

In that letter, unsigned, John Allen was told: "We will kill everyone of them"—"get them"—"put them to death." "Them" were the entire Allen family who were accused in the letter of having robbed Corbin of his property.

Corbin's story of the knife incident varied.

Describes Shooting.

"I was walking along Church street. The knife was closed and wrapped up in a handkerchief in my pocket. I had to cut across the Allen grounds and Barney Allen (Bona Jr., brother of John) ran out with a Winchester. His wife was with him. I know it wasn't 22. It looked like a .48. The woman said: 'Shoot him, Barney, and if you can't shoot him give me the gun. I'll shoot him.' I was paralyzed. I was looking right into the barrel of the gun. I said: 'Mr. Allen, please, I was just in the road coming from those nigger houses.' But he cursed me and shot at me and told me to get off his land. The wind of the bullet blew off my hat. Then they locked me up in jail. I was heart sick. I couldn't eat."

E. A. Willbanks, cashier of the Shadburn bank, testified that action

HAPPY RELIEF FROM PAINFUL BACKACHE

Caused by Tired Kidneys

Many of those gnawing, nagging, painful backaches people blame on colds or strains are often caused by tired kidneys—and may be relieved when treated in the right way.

The kidneys are one of Nature's chief ways of taking acids and wastes out of the blood. A healthy person should pass about 8 pints a day and so get rid of more than 3 pounds of waste matter.

If the 15 miles of kidney tubes and filters don't work well, waste stays in the body and may become poisonous. It may start nagging backaches, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Don't let it lay you up.

Ask your druggist for Doan's Pills—used successfully by millions for over 40 years. They give happy relief and will help to flush out the 15 miles of kidney tubes. Get Doan's Pills.

First Bale of 1936 Given Roosevelt Campaign Fund

Georgia's first bale of 1936 cotton was turned over to Marion H. Allen, the President's pre-convention campaign manager, here yesterday, and may be forwarded to Washington to be auctioned off by the President for his re-election campaign fund. The bale, weighing 428 pounds, was given to Mr. Allen for Mr. Roosevelt by the President's friends in Seminole county. Mr. Allen is shown receiving it in the picture above. From left to right are Mayor L. C. Hay, of Donaldsonville; Dr. Thomas Chason, of Donaldsonville; Mr. Allen, B. B. Clark, on whose farm the cotton was grown; Ellison Dunn, president of the Donaldsonville Chamber of Commerce, and R. E. Wheeler, of Donaldsonville. Staff photo by Kenneth Rogers.

was taken against Corbin's property only after all his creditors had foreclosed on him. John Allen interjected that the state banking examiner had advised the bank to collect on all its mortgages or it would be closed.

Had To Do It.

"It wasn't a case of a rich man trying to squeeze a poor man," insisted Allen. "I had to do it or lose the whole bank."

Willbanks said that the bank then offered Corbin a farm near Barnesville and 40 acres of mining land in Lumpkin county in return for his property equity. The bank, said Willbanks, offered to let Corbin sell the farm and apply the money toward his debts. The bank even agreed to waive interest, he said, but Corbin refused the offer.

"I'd love to ask a question," interrupted Corbin.

"Did you know, Mr. Willbanks, that Miss Kate Shadburn, of your bank, had a mortgage on that farm?"

"I don't recall," said Willbanks.

"How much do you owe the bank now?" asked Judge Griffith.

"About \$8,500—about half of what they say I owe them."

Haunted Bank.

Willbanks then declared that Corbin had been haunting the bank; standing outside, peering in through the Venetian blinds of the windows for hours at a time, and walking slowly back and forth on the sidewalk in front.

"I'd love to ask a question," said Corbin. "Mr. Willbanks, I never made a stop when I walked in front of the bank, did I?"

"No, you just walked a slow gait."

Willbanks then described Corbin as having an unpleasant look on his face when he passed the bank and Corbin explained:

"Judge, I been havin' a sight o' trouble. I walk along the streets and look in the glass of the windows where I can see myself and I know I look somethin' awful. I was tellin' my folks about it the other day."

Denies Writing Letters.

Corbin steadfastly denied authorship of any threatening letters, although Willbanks identified one as being in Corbin's handwriting.

"I don't hold no malice against no one," said Corbin. "You can't hold malice against a fellow man and go to Heaven. God tells us that. The Bible says if you don't forgive, you can't expect forgiveness. I had to pay off and pay off to that bank but I never was out of debt to them. I even gave the Shadburn bank a mortgage on my last 24 mules so I could farm. At one time I owned over 100,000 acres of land. I owed \$85,000 one time when I bought seven stores from John Allen and he didn't think nothin' of it. He only owned one-fifth of those stores but he sold 'em to me just like they was his."

Alleens Sorry, Says Attorney.

E. D. Kenyon, attorney for the Alleens, told Judge Griffith: "The Alleens are sorry for Mr. Corbin. The depression hit him too hard and they have no desire to persecute him. They merely want to be protected against him."

Mr. Neil Andrews, assistant United States attorney, requested a minimum bail of \$5,000, but Judge Griffith set it at \$8,000.

TALMADGE ACCUSES U. S. OF INTIMIDATION

Continued From First Page.

the senate and Redwine to the governorship by a majority similar to those Governor Talmadge has received in the past.

Before starting his speech Talmadge said: "There has been betting in Atlanta on the size of the crowd. Here is Sheriff J. N. Sumner, of Worth county, to tell you about the crowd."

Sheriff Estimates Crowd.

Tall, gray haired Sumner said: "It's pretty hard to estimate a crowd like this but my estimate is between 25,000 and 30,000 people here."

As the Governor began his attack on Senator Russell a voice from the audience in front of him shouted, "Set his britches afire, Gene!"

Mrs. Susie T. Moore, of Tifton, former democratic national committee woman from Georgia, told the crowd she was "commissioned by the citizens of Tift county to bring Talmadge a contribution of \$250 for his campaign."

He delivered the money to the Governor.

On Racial Question.

Talmadge charged democratic national Chairman James A. Farley raised the racial question in the democratic party.

"This is a white man's country," shouted Talmadge. "I have a great many negro friends in Georgia, but I don't believe in negroes holding offices. I don't believe in racial equality, either! I believe in giving them justice but the Anglo-Saxon people must keep this country pure. When I go to Washington I will fight against mixed blood."

He called Mrs. Moore to the microphone.

"Only this morning Mrs. Moore told me she never saw such a mixing of the races as there was at Philadelphia before in her life," the Governor said.

Challenges Critics.

"If there is a man in Georgia who can say I laid down on a campaign promise let him speak now," Talmadge shouted.

"He ain't here!" answered a voice from the crowd.

Talmadge charged that the collection of the federal income tax is "unreasonably expensive" and "fast developing into a racket."

Continuing, he said: "It is being used to intimidate voters, and whip them into line."

"Businessmen dread the publicity accompanying investigations and prosecutions on account of income taxes."

Charges Intimidation.

"These bureaucrats in Washington know this. Those same bureaucrats are the tools of unscrupulous politicians to intimidate business, and force voters into line with the threat that if they don't get into line, they will be prosecuted about their income tax."

"Two years ago, during my campaign for governor, a citizen of Georgia, John E. Whitley, whose only sin was being a conspicuous friend of Talmadge, was prosecuted and enjoined by the federal government two weeks before the primary."

"During the hearing of these cases, my opponent sat in the courthouse in the district attorney's office, aiding and abetting in this illegal prosecution. The supreme court vindicated

this same citizen of Georgia when it declared the NRA unconstitutional.

"I am proud of the small part that I contributed towards the overthrow of the NRA," campaigned over about half of the United States against this unconstitutional law.

"My opponent boasts of the fact that he 'rubber-stamped' this bill, which caused millions of our people to mourn and suffer."

"You know a United States senator approves the appointments of our district attorneys."

"The NRA is gone. They can't prosecute under the NRA any more. But, let me tell you what is going on: Every friend of Talmadge is being intimidated and threatened with a prosecution under the federal income tax law. Agents, under the direction of the district attorney, camp on the trail of my friends."

Reports Two Instances.

"On last Wednesday, July 15, M. L. Fleetwood, of Cartersville, Ga., was master of ceremonies at a Talmadge meeting in Bartow county. He made a speech, commending the record of Talmadge. He carried news items in his paper, describing the great crowd, and picturing the gala day at Cartersville. Judge William A. Ingram, of Cartersville, introduced me to the audience."

"On the same day, two federal agents were in Cartersville, trying to intimidate these two courageous citizens for asserting their guarantee under our constitution to support whom they pleased for the United States senate."

Show of Hands.

Talmadge called for a show of hands of farmers who had been cut before it was declared unconstitutional and asked for another show of hands of those who had raised money by raising more than their quota.

Carl M. Vick, of Moultrie, who was presiding, estimated the hands raised at 1,500.

There was some excitement when the wooden platform, built close to the ground, gave way in the center but the structure was strongly built and did not collapse. No one was hurt.

Asks Contributions.

Talmadge called on the audience to contribute to his campaign. At the conclusion of his speech he was carried from the platform on the shoulders of friends.

Howell announced that on September 9 "I am going to walk to the polls and vote for Eugene Talmadge and Charlie Redwine."

Speaking from the Talmadge platform, Howell said:

"I am going to vote to continue the Talmadge regime. I am going to vote for Charlie Redwine."

"I am going to vote the straight democratic ticket from top to bottom, and if that is taking a walk then you people of Georgia had better come on and join the parade."

Talmadge is supporting Redwine for governor.

"Not In Cards."

"I have been reading a lot in the newspapers about Hugh Howell during the past few days—among other things that he wanted to be governor," Howell said. "Well, frankly, I didn't want to be governor of Georgia, and any man who says he wouldn't want to be governor if he thought he had a chance, is a fool for the want of sense. However, it wasn't in the cards, and I am not unhappy about it."

Howell praised the platform of Redwine and said:

"To lighten the burden of taxation

we must adopt his platform and elect Charlie Redwine governor of Georgia."

PARIS, July 22.—(AP)—A woman and two men were convicted today of delivering French military and diplomatic secrets to Germany.

Madame Isabelle Queyrel, a former employe of the foreign office, was sentenced with her husband to two years in prison.

Dr. Leon Barre, physician brother-in-law of Queyrel, was sentenced to a four-year term.

Madame Queyrel was accused of obtaining confidential documents on French relations with the Little Entente, which others passed to a German spy in Switzerland.

Barre was arrested May 8, 1935, at the Mulhouse railroad station while waiting for a train to Switzerland. Police said he had French defense secrets in his possession, including the location of underground air shelters in Paris.

**More MEN and WOMEN to serve You**

TWELVE HUNDRED additional people were put to work by the Southern Bell Telephone Company in 1935, to care for the increased public demand for service and the resultant growth of the business.

This was an increase of 8.12%, and brought the total number of men and women who provide you with good telephone service in the South to 17,000.

Their payroll was nineteen and one-third million dollars, most of which was spent in their home communities.

Through 936 central offices in nine states, they devote their thought and effort to give you the best possible telephone service that skill and training

can provide. They planned and placed in service \$12,428,906 worth of additional telephone "plant" in 1935 to meet service demands, and this year it will expand even more.

Taxes, in 1935, required a record sum of \$6,505,000 from the telephone company by federal, state, county and municipal agencies. This figure, too, will be exceeded in 1936.

Guiding these telephone folks at all times, in fair weather or in emergencies such as fire, floods or storms, is their expressed objective: to give the public the best possible service at the lowest cost consistent with the financial safety of the business.

DOUGLAS LEAF CROP**90 PER CENT CURED**

Tobacco in Vidalia Area Is Reported To Be of Good Quality.

DOUGLAS, Ga., July 22.—(P)—Officials of the Douglas tobacco warehouses reported today that the 1936 season crop is approximately 90 per cent cured and in the pack houses.

"The crop this year," he said, "has more color than usual. The quality is good and the prices are expected to be as good or better than they were in 1935."

Owners and operators of the five warehouses here are all in the city and have made an extensive survey of the crop in this section.

The Douglas Tobacco Company has erected a new storage building which gives it an additional 20,000 feet of storage room. The O. K. warehouse also completed an addition to its warehouse.

The five Douglas warehouses and their operators for the 1936 season are: The Growers' Warehouse, McLean & George; Soaper Warehouse, Soaper, Hughes, Frederick & Wilkins; the O. K. Warehouse, Oettinger, King & Barker; the Red Warehouse, Bernard & Vann; the Farmers' Brick Warehouse, Pegram & Bass, managers.

VIDALIA REPORTS**GOOD QUALITY**

VIDALIA, Ga., July 22.—Estimates of the 1936 tobacco crop in Toombs county vary, but farmers, warehousemen and farm officials generally agree leaf offerings will be of good quality.

The drought affected the quantity of production in some sections but did not impair quality.

Estimates of production vary from slightly under last year to slightly over.

Five warehouses, one more than last year, will be in operation when the selling season opens August 4.

The formal opening will be marked by programs of celebration with political campaigns sharing in the addresses.

One of the principal festivities will be a street dance, following the first day of market activity. Merchants of the city are offering prizes for various public contests.

Warehouses scheduled to open include Vann's Tobacco Warehouse, Nos. 1 and 2; Vidalia Tobacco Warehouse, Nos. 1 and 2, and a new one under direction of J. F. Darby.

QUITMAN, Ga., July 22.—G. B. Crane, one of the last of the local Confederate veterans, was interred Monday afternoon with Masonic honors in Dixie cemetery following a funeral service at the Baptist church. He was 89 years old and served two years in the Confederate army, returning here to become active in county affairs.

In 1869 he married Miss Dora Norwood, of Port Valley, and the surviving children are N. H. Crane, Dixie; Mrs. J. O. Beasley, Montgomery, Ala.; S. N. Crane, Lincoln, Ala.; Mrs. Kate Bowen and Mrs. Zoe Brown, Jacksonville, Fla., and E. W. Crane, Lakeland, Fla.

Mr. Crane was a man of keen mentality and in his active years took much interest in public affairs. His diaries and collection of papers were a rich source of historic information in the county until burned several years ago. He was a prominent Macon and the funeral concluded with Masonic rites with Dixie and Quitman lodges officiating.

CAMP DENIES KNOWING OF AGENTS' ACTIVITIES

District Attorney Also Says
Russell Never Aided White-
ley Prosecution.

Lawrence Camp, United States district attorney, said yesterday a speech by Governor Talmadge at Moultrie provided "my first information that there are income tax agents in Georgia investigating the income tax liability of anyone."

Camp issued a statement here after Talmadge, candidate for the United States senate, charged in a campaign address that federal agents under direction of the district attorney were using threats of income tax prosecution in an effort to intimidate his political friends.

"Income tax investigators are civil service employees of the government and the district attorney at no wise controls or directs their activities," Camp said.

Replying to a charge by Talmadge that his opponent, Senator Richard B. Russell Jr., said in the district attorney's office "aiding and abetting" the prosecution of John E. Whiteley, LaGrange contractor, two years ago on charges of violating the now defunct NRA, Camp said:

"With the exception of several efforts by Senator Russell to obtain speedy trials of suits for disabled war veterans pending against the government upon war risk insurance policies, and one friendly land condemnation case, he has never communicated with any one in the district attorney's office—directly or indirectly—about any case."

"Senator Russell has done us the honor of visiting the district attorney's office only twice since he has been senator, and he has never on any occasion made any suggestion in connection with the prosecution of any case pending in the district court."

W. B. SPANN RITES HELD YESTERDAY

Atlanta Banker Paid Final
Tribute in Solemn Services at Church.

Final rites for William Bowman Spann, prominent Atlanta banker, who died Monday, were held at 4 o'clock yesterday afternoon at the Lutheran Church of the Redeemer with his pastor, Dr. John L. Yost, officiating.

Mr. Spann was vice president of the Citizens & Southern National Bank and one of the most influential bankers of the southeast. He had been associated with the Citizens & Southern for more than 30 years.

Active pallbearers were William Murphey, H. Lane Young, L. L. Gellerstedt, C. H. Lewis, A. J. Stitt and L. H. Harris.

An honorary escort from the Clearing House Association included John K. Ottley, J. D. Robinson, J. S. Kennedy and R. C. Williams, representing the First National Bank; R. G. Clay, F. W. Blalock and W. V. Crowley, representing the Fulton National Bank; Robert Strickland and Dameron Black, representing the Trust Company of Georgia, officers and directors of the Citizens & Southern, and Henry C. Heinz and Carl H. Lewis, of that institution, as members of the Clearing House Association.

Mr. Spann had been in apparent good health at the time of leaving his office Monday. He was stricken with a heart attack while en route to his home. The body lay in state at the residence until a short time before the services.

He was a prominent member of the Lutheran Church of the Redeemer.

HIGHWAY LETTING

Contracts To Be Awarded
on August 7.

Chairman W. E. Wilburn, of the State Highway Board, said yesterday that the board was planning a large contract letting on August 7, the projects to be financed with federal funds.

Wilburn said that the date was tentative and that the letting might not be held until August 14. The board chairman said that it was hoped that the last link of the Atlanta-Buford highway could be contracted for and that a start might be made on the new Marietta road. He added that the projects could not be definitely announced until next week.

VICTIM OF EXPLOSION PASSES AT HOSPITAL

Edward W. Wilkinson, 43, of a North avenue address, who was burned in an explosion Monday afternoon at the Ben Hill convict camp, died late yesterday afternoon at Grady hospital.

According to Charlie Marler, camp clerk, Wilkinson was serving a six-month misdemeanor sentence at the camp when the accident occurred. Wilkinson was building a fire in an incinerator and threw some gasoline on the fire, Marler said, when a sudden explosion threw flaming gasoline over the upper portion of the man's body. He was badly burned about the face, chest and shoulders.

Softball Bat Slips, Three Persons Hurt

A bat which slipped from the hands of Patrolman Harold Scott during a softball game Tuesday night at Lakewood park crashed into a group of spectators and injured several, striking Mrs. C. W. Poole, of 648 Mayland avenue, S. W., and knocking her unconscious.

Mrs. Poole suffered the loss of a tooth, laceration of the mouth and a bruised shoulder, it was reported. She was treated at Piedmont hospital.

Ruby Guthrie, 15, niece of the injured woman, also was struck by the bat and received a painful bruise on the head.

Mrs. W. T. Hammond, sister of Mrs. Poole and clerk at the police station, was holding Beverly Evans, 5-month-old daughter of Patrolman L. H. Evans, in her lap when the club slipped from the hands of the batter. She fell to her knees to protect the baby and suffered a sprained ankle.

VISITORS WELCOMED TO KANSAS CAPITAL

Continued From First Page.

offer for sale Landon-Knox sunflowers, wooden elephants, neckties embellished with sunflowers and others with the words "Landon for President."

Following the line of march of tomorrow's elaborately planned parade, the visitor turned west on Tenth street one block to a 16-acre park. There stands the state capitol of Kansas, its green dome lifting high above the surrounding trees that shade its grounds and obscure most of its five high-ceilinged stories.

There, before the Grecian columns of the south facade of the statehouse, was a vast speakers' rostrum, where

more than 1,000 distinguished guests will be seated about the nominee. On a broad paved esplanade facing the stands were placed hundreds of rows of additional seats. The Chamber of Commerce predicted that 50,000 persons would crowd into the park and surrounding streets.

All about the capitol square, on every clear plot of ground across the street stood sandwich, soft drink and novelty stands.

One stand was directly in front of a church, just east of the capitol. A sign on the front door said "baked ham dinner all day Thursday."

'HURRAH' CAMPAIGNERS FOILED AS CANDIDATES.
By GLADSTONE WILLIAMS.

WASHINGTON, July 22.—In anticipation of Governor Landon's presidential acceptance speech at Topeka tomorrow night Washington political observers, especially those with New Deal leanings, are wondering if the "Coolidge" of Kansas will be another "hurrah" candidate like Henry Clay, James G. Blaine and William Jennings Bryan.

While Clay of Virginia, Blaine of Maine and Bryan of Nebraska, represented the hurrahs of the roadside in their respective campaigns, no one of the three ever got to first base as presidential candidates. But the voting public all over the nation welcomed them with loud cheers and open arms on the hustings, and each had a following as loyal and enthusiastic as the matinee idols of their day.

Their careers as candidates for the highest office in the gift of the American people proved beyond peradventure of doubt that cheers, hurrahs and back-slapping is no open sesame to the White House portals.

Clay was the "mill boy of the slashes," Blaine was the "dumpled knight" and Bryan was the "peerless one" to his supporters and "the boy orator of the Platte" to his enemies.

And in the campaign of 1896 with the radio developed to its highest pitch, wise old political heads here see a "silent" vote this coming fall much more numerous than in any campaign since the founding of the republic. Millions of people "listened in" on the proceedings at Cleveland and Philadelphia last month and millions more will "listen in" during the current campaign. At their own firesides they will choose their candidate without the accompaniment of brass bands, raucous ballyhoo and red lights.

They struggled through three or four national campaigns for nomination or election as president, with Bryan the most successful in achieving the endorsement of his party. Bryan had such a hold on the imaginations of his followers, including both the bourgeoisie and the elite, that he was nominated on three occasions. Clay and Blaine, each denied nomination in two or three conventions, succeeded in being nominated only to be defeated in the election.

Developed Popularity.
Yet the political history of America does not record that any candidate ever had more enthusiastic supporters than had Clay, Blaine and Bryan. Indeed, they developed so much popularity that the big moneyed interests of the country spent small fortunes to defeat them. Clay and Blaine were statesmen well qualified to captain the nation's ship of state, but Bryan probably would have been a tragedy in the White House because of his drastic reformatory views.

These three candidates, however, literally swept the country off its feet when they took to the stage and the soap boxes. Bryan's evident popularity, like that of Alf Mosman Landon at the Cleveland convention, hypnotized delegates as well as the common run of voters. But, as the silver-voiced Tammany stalwart, Bourke Cockran, inappropriately said of Grover Cleveland in the democratic convention of 1892, Bryan was "popular every day in the year but election day."

Cleveland never excited a hurrah campaign but his popularity was expressed silently in votes on election day. In his three campaigns Cleveland led each time in popular vote, and twice had an electoral college majority.

And in the campaign of 1896 with the radio developed to its highest pitch, wise old political heads here see a "silent" vote this coming fall much more numerous than in any campaign since the founding of the republic. Millions of people "listened in" on the proceedings at Cleveland and Philadelphia last month and millions more will "listen in" during the current campaign. At their own firesides they will choose their candidate without the accompaniment of brass bands, raucous ballyhoo and red lights.

REBELS CONVERGING ON CITY OF MADRID.
HENDAYE, Franco-Spanish Frontier, July 22.—(UP)—The vanguard of 50,000 rebel troops were within 35 miles of Madrid tonight, it was announced officially at the Burgos headquarters of General Emilio Mola, commander of rebel forces in northern Spain.

The powerful forces closed in on the Spanish capital from north and south and a decisive battle on which the fate of the government may hang was believed imminent.

The southern force, commanded by General Francisco Franco, was estimated at 30,000, while General Mola had 10,000 men advancing on the capital. Mola's troops were supported by approximately 7,500 "Carlists," a motley collection of armed sympathizers wearing red berets and red and white arm bands.

Spain's metropolitan army totals only 80,000 men. Thus, according to rebel statements, Generals Mola and Franco between them have half of the organized and trained forces of the nation under their command. In addition, they have all of the famed Spanish foreign legion and the Moroccan troops, reputed to be Spain's best soldiers.

Have Most Artillery.
The rebels, according to a spokesman, also have a majority of the nation's artillery. The government apparently holds an advantage in aviation, however, although the rebels insist they have plenty of planes that can be brought into action immediately.

A rebel plane bombed the Enderlax bridge, which redecoated badly yesterday in an attempt to check Mola's advance.

The rebels apparently are in complete control of northern Navarre and the neighboring province of Burgos. They declared martial law and issued a decree that all persons participating in lockouts or strikes may be punished by death.

The most decisive and bloodiest battle of the civil war will be waged Friday when rebels hope to storm Madrid, Navarre insurgents said.

Besides the two columns marching on the capital under Generals Franco and Mola there was a third mystery column whose origin and elements were completely unknown here. It was believed to be composed mostly of monarchist elements who were moving as rapidly as the fascist republicans.

The first detachment of artillery left Navarre province for Madrid. It was accompanied by ambulance units. Trucks rumbled along the roads with soldiers sitting back to back. Women waved and cheered from windows along the road.

The Secret of a Comfortable Home

Fall-Winter-Spring-Summer

MONCRIEF Air CONDITIONING

There is no consciousness of severe weather—winter, spring, summer or fall—by the owners of Moncrief Air-Conditioning Systems. Like Aladdin, they have found the "Open Sesame" to comfort, convenience and the ease of inviting perpetual June into their homes. You, too, can find this comfort and, like the others, the secret of knowing how to summon health into the home by constantly maintained air circulation, humidity and cleanliness.

The Moncrief Air Conditioning system automatically heats, filters, moistens and circulates the air to all parts of the house during the winter. In summer you enjoy clean, refreshing, invigorating air at all times. This modern system protects the health as well as the comfort of your family by filtering from the air dust, dirt, pollen and bacteria. Rugs, draperies and furnishings are free of the usual dust accumulation, materially reducing cleaning and redecorating costs.

Investigate this modern system today. One of our engineers will gladly explain just how economically it can be installed and give you full information about Moncrief's 36-month-payment plan.

Moncrief also installs Furnaces, Weather-Stripping, Rock Wool Attic Insulation, Ventilating and Humidification Systems on the same liberal payment plan.

marshaled solidly against red Madrid. Reapers were standing in the fields where their owners left them. Horses were standing patiently attached to plows—to whom the farmers may never return. These were among the evidences of hasty departures from peaceful pursuits to what may be the bloodiest battle in the Spanish republic's bloodiest revolt.

Navarra has always been strongly rightist. The province is a checkerboard of small, richly-titled farms worked by proprietors, contrary to the most of Spain where poverty-stricken tenant farmers gave the left perils many adherents.

Everyone in Navarra is a landowner or the son of a landowner. The rebels are divided into three groups. They can be distinguished by their arm bands. Fascists wear red arm bands with a black stripe and red and green cordarides in their buttonholes. Monarchists wear the royal colors of the deposed King Alfonso. The republicans wear a blue arm band 16 to 20, wear white arm bands with a red spot in a white circle. They wear red berets.

The proclamations marked completion of a regrouping of national forest areas in the southern Appalachian mountains. The proclamations followed recent similar action regarding national forests in Virginia, West Virginia and Tennessee.

As a result, practically each national forest in the southeastern region is confined to a single state. Officials said this would facilitate administration of the forests as well as co-operation with states in arranging timber growing and watershed protection programs.

GOVERNMENT CLAIMS EIGHT KEY POSITIONS.
MADRID, Thursday, July 23.—(UP)—Government troops recaptured eight important positions formerly held by rebel forces, the ministry of interior announced early today.

The rebels were said to have been routed from Toledo, Guadalajara, Almansa, La Granja, Hellin, La Linea, Sagunto and Navalperal.

Navalperal is only 40 miles northwest of Madrid in mountainous Avila province. La Linea and San Roque are in southern Spain close to Gibraltar.

Loyalists who took Guadalajara and Toledo and returned to Madrid last night and paraded before the ministry of the interior. They were reviewed by officials from the balcony.

Leaders said they lost only four men at Guadalajara.

Two-Hour Battle.
One thousand loyalists, armed with machine guns, participated in the capture of Navalperal, the ministry said. The rebels fled to the mountains after suffering heavy losses.

The Toledo rebels resisted loyal troops for several hours, during which each side fired hundreds of volleys. The casualties were not announced.

The ministry claimed the insurgent movement at Zaragoza is a failure since General Cabanellas, rebel commander there, found it necessary to draft youths belonging to the military classes of 1931 and 1936.

The police officially denied the government has formed or permitted to be formed a communist or popular front committee to administer affairs in Madrid. But committees have been formed to supervise respective districts. The city council continues in full charge of general municipal activities.

The official Gazette published a decree naming a junta delegated by the government to have jurisdiction in Valencia, Alicante, Castellon, Cuenca, Albacete and Murcia. It will have powers equal to those of the national government. The president of the chamber of deputies, the minister of agriculture and the undersecretary of the presidency and the ministry of agriculture were named to the committee.

Convent Barracks.
Precautions were taken to maintain the government's control in Madrid. A battalion of militia 1,500 strong was installed at the Salesianos convent. Another stronghold was established at the famous palace of the Duke of Medinaceli, one of the richest land owners in Spain. The red flag was flying from the palace roof.

Red militia armed with rifles were guarding other strategic points and others were patrolling the streets in commandeered trucks and automobiles. Militiamen were fed at shops in the working class district. Milk was distributed by a food committee.

Communists seized the plants of the rightist newspapers La and El Debate. There they attempted to publish the newspapers Mundo Obrero and Juventud but the government seized the editions since they had not been censored.

WILD DISORDER IN BARCELONA.
PERPIGNAN, Franco-Spanish Frontier, July 23.—(Thursday)—(UP)—Wild disorder prevailed in Barcelona today in the wake of the government's defeat of rebels. Extremist mobs of anarchists sacked the Italian consulate general, because it represents a fascist government, threw its furniture into the street and burned it.

In the streets of Barcelona unburned corpses lie in the streets. Dead horses littered the streets. Many were burned where they had fallen.

Hospitals were overtaken with victims of the fighting. The city was running short of pharmaceutical supplies.

Many automobiles were burned or thrown into Barcelona harbor. The French consulate in Barcelona received 250 complaints from Frenchmen of violence, attacks against them on the streets.

LINDY IN GERMANY; HITLER MEETING SEEN

Small Crowd at Airport Sees Noted Americans' Arrival.

BERLIN, July 22.—(AP)—Charles A. Lindbergh, in informal mood, sped over Europe today to a bee-clicking Nazi welcome at Staaken airport and prospects of an early meeting with Reichsfuhrer Adolf Hitler.

Neither Der Fuehrer nor his air minister, General Hermann Wilhelm Goering, was at the airport when the famous flyer and his attractive wife stepped from their little grey-winged monoplane.

Both were otherwise occupied in southern Germany, but it was learned from authoritative sources they would see Colonel Lindbergh before he leaves Germany.

In gay contrast to the precise German officers who greeted them, the American was hatless today, with rumpled suit and unruly tie.

Fifteen great bombing planes, drawn up at the edge of the field, gave the welcome a martial tinge.

Lindbergh, however, shook hands with Colonel Kastner, commandant of the Richtenhof air squadron and the Staaken airport, and remarked boyishly:

"It's been an excellent trip." Then he helped Mrs. Lindbergh from the plane and reached back after his luggage.

The party left for Berlin proper in two cars. Lindbergh with Colonel Kastner and Major Truman Smith, the United States military attaché, and Mrs. Lindbergh with Mrs. Smith.

Major and Mrs. Smith will be host to the Lindberghs during their visit, and the colonel will see Germany's aerial development at first hand as the guest of the air ministry.

The war plane—a small crowd at the airport, since few knew the exact time of the Lindberghs' arrival and even fewer were permitted at the field. The famous couple left by the air-drome, England, this forenoon, stopping at Cologne for luncheon.

F. D. R. ESTABLISHES GEORGIA FOREST

President Signs Order Placing Chattahoochee Area in State.

WASHINGTON, July 22.—(AP)—The Forest Service announced today President Roosevelt had signed proclamations establishing the Francis Marion and Sumner National forests in South Carolina, the Chattahoochee National forest in Georgia and changing the boundaries of the Pisgah National forest in North Carolina.

The proclamations marked completion of a regrouping of national forest areas in the southern Appalachian mountains. The proclamations followed recent similar action regarding national forests in Virginia, West Virginia and Tennessee.

As a result, practically each national forest in the southeastern region is confined to a single state. Officials said this would facilitate administration of the forests as well as co-operation with states in arranging timber growing and watershed protection programs.

OFFICIALS TO RESIGN POSTS ON COMMITTEE

Chairman Bell and Secretary Chambers To Leave Fulton Party Group.

Two officials of the Fulton democratic executive committee announced their intention to resign their offices at the expiration of their terms yesterday on the eve of a committee meeting called to discuss financing of the September primary.

George L. Bell, chairman, and Lewis W. Chambers, secretary, said they will not seek reelection because of their connection with public offices. Bell is the brother of Judge Lawrence Bell, of municipal court, and Chambers is an assistant solicitor of the Fulton criminal court.

Chambers yesterday received a check for \$875 from the state committee, representing the funds paid to Chairman Hugh Howell by candidates for state offices in Fulton county, namely, solicitor general and superior court judgeships.

"This amount, together with funds already in hand from the spring democratic primary, will be sufficient to carry the September 9 primary," Chambers said. The committee at its meeting passed a resolution asking the state committee to contribute \$2,500 for this purpose but no answer to this request had been received. The committee meeting, at noon today at the courthouse, was called to receive the answer from the state committee. Since the check was sent yesterday by the state committee, it was not expected that further demand will be made upon the state executive committee by the county committee, it was said.

Both Bell and Chambers are veteran members of the county executive body. Bell succeeding the late Albert Howell as chairman. He resigned when his brother, the judge, was running for office in the spring, but at the instance of the committee, again accepted the post after the election was over. His term ends in October. The resignations will necessitate election of the two most important executive committee officials this fall.

Two persons, Albert Power Jr., of Howell, and W. A. Johnson, have been qualified as candidates for the executive committee in the fall primary.

CANDIDATES INVITED TO SPEAK HERE TODAY

Candidates from the fifth district for the senate and house have been invited to address the Georgia Women's Democratic Club at the first of a series of our political rallies to be held at 3 o'clock this afternoon in the Elmore hotel.

The three other rallies will be held August 6, August 20 and September 3. Following are the Atlanta women who will serve as welcoming committee: Mrs. Wellington Stevenson, Mrs. William P. Dunn, Miss Jessie Hopkins, Mrs. Charles Lorde, Mrs. Mary E. Hill, Mrs. R. H. Hankins, Mrs. Regina Rambo Benson, Mrs. Louise McEachern, Miss Wilda Richardson, Mrs. Carlton Binns, Mrs. David B. Sanguinary 'Battle of Atlanta' Raged Around City 72 Years Ago

Roaring Guns Spewed Steel Death Into Beleaguered Town as Sherman's "Great Wheel" Relentlessly Crushed Heroic Confederate Defense.

Yesterday marked the seventy-second anniversary of the Battle of Atlanta, for it was on July 22, 1864, that the city shook with the thunder of guns as thousands of Confederate soldiers fought heroically here to prevent Sherman's march to the sea. There were only about 10,000 citizens of Atlanta at that time, and for days they had feared the gradual onslaught of the federal from Tennessee.

When the Battle of Atlanta was fought, southerners were under the command of General J. B. Hood, who had been the successor of General Joseph E. Johnston for only a few days. The latter, who had been forced to beat a retreat by Sherman, was notified that Hood was to take command of the Confederate army by President Davis.

Atlantans as well as the southern army realized the importance of the imminent battle, for even then the city was recognized as the distribu-

tion center of the southeast and had been made a headquarters for Confederate forces.

"Great Wheel." Sherman forced the Confederates this way by flank movements and began throwing his "great wheel" about the city. On July 18, 1864, occurred the Battle of Peachtree creek. For several days following this fierce attack there was a quiet period, and then on July 22 came the Battle of Atlanta, one of the most important and most tragic of the war.

When the battle started, Union forces were concentrated in the section which is now Grant park. Hundreds of soldiers and civilians in the city were killed and wounded. Women and children hid in the strongest buildings, in constant fear of an exploding shell. Physicians gave medical attention to the suffering in the midst of smoke and shells and beneath a blistering July sun.

One of the most heroic units of the southern army was the 42nd division, composed mostly of Atlantans. Another group which fought heroically in this battle was that led by Captain Evan P. Howell to take De-Groes' battery. The city had suffered heavily by the fire from this battery and orders went forth that the entrenchment must be captured. Captain Howell, although his horse was shot from beneath him, led the charge and the battery was silenced.

Burned 4,000 Buildings. For days Atlantans suffered Sherman's siege, finally hearing, as they waited breathlessly, that the northern general would burn the city. When he did enter Atlanta, Sherman burned approximately 4,000 buildings and left 400.

One of the great hardships endured by citizens was high prices. Scarcity made even the well-to-do in need of food and clothes. Flour, for instance, is said to have cost \$300 a barrel. One of the cheapest items was the newspaper, which sold for 50 cents a copy.

TOURIST HOME BARRED IN DRUID HILLS SECTION

A temporary injunction restraining Mr. and Mrs. R. P. Brice from operating a "tourist's home" in fashionable Druid Hills was issued yesterday by Judge James O. Davis in the Kalb superior court upon the peti-

tion of a number of prominent residents of the residential section.

Petitioners set out that Mr. and Mrs. Brice are advertising the old O. Jones residence, at 1706 Ponce de Leon avenue, as "Brice's Manor," an inn for tourists. Judge Davis ordered such "commercialism" to cease until the September term of DeKalb superior court, at which time a hearing on a permanent injunction will be held. However, he allowed the inn operators to seek a hearing sooner if they desire.

PETROLEUM FIRM LETS CONTRACT FOR TANKER

NEW YORK, July 22.—(AP)—The Texas Petroleum Company announced today a contract for a 12,000-ton dead-weight tanker had been awarded to the Sun Shipbuilding & Drydock Company, Chester, Pa.

The price was not disclosed. Officials said bids were asked on two ships, but it was later decided to build only one.

TROPICAL DISTURBANCE REPORTED BY MIAMI

MIAMI, Fla., July 22.—(UP)—Conditions pointing to probable existence of a tropical storm northwest of Puerto Rico were reported today by the federal hurricane warning system.

location was about 900 miles south-east of Miami.

An advisory message from the San Juan weather station said:

"Indications of a tropical disturbance of moderate intensity central a short distance north of Mona passage. It is probably moving northwestward."

Sterchi's First to Show Southern Empire Furniture Designs in City

Of deep interest to the lover of fine furniture and wood work are the new Southern Empire bedroom pieces now being shown for the first time in Atlanta at Sterchi's, homefurnishers of 116 Whitehall Street.

Southern Empire, traditional period furniture of the Deep South, has been recreated by the nationally famous designer, Mr. Robert Erskine. Two groups of the reproductions are shown on Sterchi's fourth floor: the Calhoun collection and the Pendleton group. The former has been reproduced from original pieces from the master bedroom of the historic John C. Calhoun plantation, and the latter from the Ante-Bellum Pendleton home near Pendleton, South Carolina.

The present designs are based on these original antiques which were made more than a hundred years ago by journeyman craftsmen. All essential details of the rare, handmade pieces have been preserved in the reproductions. Identical woods are used; solid tulip wood, cherry and curly sycamore.

When first shown in New York two months ago, the reaction from authoritative decorators was more than enthusiastic. At last a truly Southern period to replace New England Colonial had been manufactured for Southern homes. Southern Empire, as shown at Sterchi's, will grow more valuable, more cherished as heirloom pieces with the years to come.—(adv.)

WE'LL MEET AGAIN

By MARGARET GORMAN NICHOLS

INSTALLMENT 1.

Society reporters and columnists called Gay Van Avery "the girl with the reddest hair, the bluest eyes, and the best figure in New York." And there was scarcely an edition that did not feature a photograph of her. Girls looked enviously at pictures of Gay in her startling evening clothes, her smart riding clothes, and at her sport clothes when she attended the races.

Usually a man was photographed with her. He was tall and handsome and his darkness contrasted admirably with Gay's vividness. The man was Alan Riggs whom Gay loved and to whom she was engaged.

Very often there was another figure with her. That was Macduff, the inky-black, scowling little scottie. Macduff is a character you must remember.

There are three Van Avers you must meet. There is Diana, the mother, slim and beautiful and a true daughter of the aristocracy. There is Patti, her older daughter, spoiled, petulant with the face of an innocent child and eager little hands that reach out selfishly for everything she wants.

And there is Gay, fashioned by the Divine sculptor; Gay with a heart-shaped mouth, a cap of red curls, and eyes as blue as the Italian sea. Gay, whose debut two years ago was the most publicized debut of any girl in the land, who inherited her dead father's courage and loyalty and who became the strength and balance of the little family when her father died.

It was autumn in New York and it was raining the day that Macduff, tan society turned out to witness the marriage of Patti to young and good-looking Richard Miles.

"Inspiring strains of the organ drifted into the anteroom of the church where the bridal party was assembled. Patti, a vision in white, fluttered nervously before the mirror, and a half dozen bridesmaids in blue dresses and white hats fluttered about her. The draw room was fragrant with flowers and alive with excitement."

"Gay is the only cool one among us," said Lucia Baring. "Look at her."

And they all turned to look at Gay in her green dress and her short red curls escaping the sides of the broad-brimmed hat.

From under the veil Patti's childish voice wailed, "Gay, are you sure everything has been packed? Oh, dear, what is mother doing? Why isn't she here? I've probably left half my things behind! I'm going to miss you all so much." "I don't know what you're talking about," said a soul in Washington and Richard's people are so stuffy! "I don't want to go to Europe at all. I don't know," she cried in a broken whisper, "that I want to get married at all! I'm so young!"

Lucia said, "Gay, for heaven's sake, say something to her! She's marrying a 'cruel' and doesn't know it." "I don't want to leave mother and Gay," said Patti, dabbing powder on her pet little nose. "I don't know how to do anything! I don't know the first thing about managing a house and servants! Do I," she asked, lifting her chin and looking at herself in the mirror, "look beautiful enough for half of New York to look at me?"

"Like an angel," said Bets Morrison.

Gay was thinking of Alan. He'd be in the church and her eyes would look everywhere for him. They'd stop their searching when she found him and they'd give him by their tenderness and warmth an unspoken message of her love. There was no one like Alan. There never had been since the night she had looked across the shoulder of the young man with whom she was dancing and, looking across a royally lighted ballroom, she had seen a man for whom she had unconsciously been looking all her life. Alan was taller than anyone else, with dark eyes and a deep voice with a warm ring to it. Alan—who had loved a hundred women before that night.

When they were married, she thought, they'd have none of this fuss and excitement. No gaping people, no photographers, no elaborate reception. They'd just go off together and their wedding day would be their memory and not the memory of a thousand curious people. When she and Alan were married... The thought was like a breathless, beautiful song.

Diana, her mother, dressed in long blue velvet, came in, her young-looking face flushed, her short, prematurely white hair like silk against her head. She had Macduff on a leash. "Patti, darling, I knew you'd want to see Macduff again! Poor darling, he doesn't know what to make of all this!"

But Macduff, with wagging tail, went to Gay who picked him up in her arms and patted his head.

"In all this you've been neglected," she said. "It's all right, Mac."

Diana laughed. "Cecile found him under the bed and brought him in the servants' pass. Are you all ready? I wonder if Richard is nervous. Jack Preston told me the bachelor party didn't break up until dawn." Her eyes were serious when she looked at Patti. Then, looking around, she said, "I wonder if you would mind going out for a few minutes. I want—I want to be with Gay and Patti alone before... before our little family is broken up."

Then, looking around, she said, "I wonder if you would mind going out for a few minutes. I want—I want to be with Gay and Patti alone before... before our little family is broken up."

The bridesmaids went out, their long dresses swishing.

Diana looked first at Gay with Mac in her arms. Then she looked at Patti in her wedding finery. And she was thankful that Patti did not know it had taken all their money to give her the lovely wedding. Patti would be in Paris soon with her husband. Gay would have to know today. Simpler to tell Gay. Her ingenious mind would plot some way out for them. Patti couldn't bear poverty. She wouldn't have to—now. But Gay and she...

Diana said, "You're lovely, Patti. I wish your father could see you today. He'd be proud." She went to Patti and kissed her. "I've never given my girls much advice, but be a good wife, darling. Don't complain. Go through with it. Remember that Richard will have his side, too. Be faithful and be an inspiration and not a burden."

She looked at Gay. They were better friends than she and Patti had been. She had given so little advice to Gay who had an astonishing wisdom for her years. And she thought that Gay in her green dress was like a staunch, deep-rooted young tree in her strength and honesty and beauty. She thought, "I'm her mother and yet she amazes me. Life wouldn't have been so smooth after Stephen's death if I had not had Gay. Soon I'll lose her to Alan. But they're so beautiful together, so right together, she and Alan..."

And so Patti and Richard were married.

Walking down the aisle after the ceremony, Gay saw Alan. Other faces were obliterated—his stood out alone.

He smiled at her. Gay's red hair and the vivid colors she wore made other girls draw. He had not wanted to love her. He was cynical where love was concerned. Ambitious and rather poor but equipped with an impeccable family background and excellent education, he had set out to marry money. He had followed Lucia Baring, Gay's friend and an heiress from Florida to New York to propose to her. And the same night he had seen Gay, wearing a blue dress. He hadn't been able to see Lucia after that. Like a man bewitched, he'd pursued Gay and, knowing he could not merely play at love with her, he had proposed at Christmas time in a room filled with the scent of holly and flowers. Her warm kiss had been his answer. And Alan's fears for their financial security were scattered when her father had said, "I want you two youngsters to be happy. I don't want you to scrape. Scraming poisons love. I'll give you an income that will keep you decent."

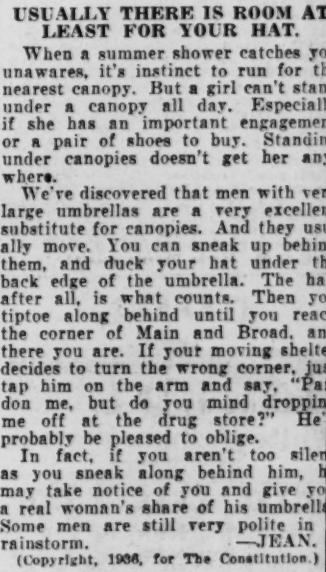

On New Year's Day Stephen died from a heart attack, and Alan supposed, though he had not asked that Stephen had provided for him and Gay's security.

those in the smallest offices, already were under the civil service.

Praise From O'Mahoney. Accompanying the announcement of the executive order, the White House made public a letter from Senator O'Mahoney, of Wyoming, former first assistant postmaster general, congratulating the President on his action and asserting that legislation to the same general end was blocked in the last session by a majority of the republican members of the house.

"I know that you would have much preferred the enactment of a statute definitely placing all postmasterships within the civil service law," he wrote. "That was the hope which actuated you at the beginning of the administration, when you sought an agreement with congressional leaders of both parties anxious to support you."

He recalled the effort of Representative Ramspeck, democrat, Georgia, to obtain enactment of such a bill a month ago by seeking suspension of the rules, this requiring a two-thirds majority.

"A majority of the republican members voted against the bill, while the democratic members, by a vote of more than three to one, supported it, but because a two-thirds vote was necessary, the bill failed by seven votes to secure the necessary two-thirds," O'Mahoney said.

Action Justified. "The fact that the house of representatives, in which democrats hold so preponderant a majority, voted 205 to 112 in favor of suspending the rules and passing the Ramspeck bill fully justifies the action you have now taken."

Under the present and traditional system, postmastership appointments are made usually upon the recommendation of the house member from the district in which vacancy occurs, if he is of the same political party as that in control of the administration. Otherwise the recommendation may come from local political leaders.

The patronage system thus developed has been subject to frequent criticism in the past from many quarters. While generally anxious for patronage, even some members of congress have objected that they lost more votes through disappointed applicants than they gain through the actual appointments.

RAMSPECK PRAISES ROOSEVELT'S ORDER. President Roosevelt's executive order designed to remove postmasterships of the first three classes from political patronage was a great stride forward in the civil service, Representative Robert Ramspeck, democrat, Georgia, chairman of the house committee on civil service, said last night.

Ramspeck, who unsuccessfully sponsored a measure in the last congress to make all postmasterships subject to compulsory civil service examination, said that "in one respect the executive order goes farther than my bill would have."

"It shows the President has good faith in regard to civil service," he said. "It will greatly strengthen the position of the democratic party on the question of patronage in the coming campaign."

GOVERNMENT REVENUE
AT NEW HIGH LEVEL

Continued From First Page.

loss in revenues, numerous excise taxes were imposed, together with repeal and taxes on liquor.

Liquor Taxes Gained. As compared with 1935, all categories of taxation, income, liquor taxes and miscellaneous taxes, showed increases, but the biggest gain was in income taxes. They yielded \$222,000,000 from \$1,105,000,000 to \$1,427,000,000, liquor taxes gained \$94,000,000 from \$411,000,000 to \$505,000,000 and miscellaneous taxes rose \$250,000,000 from \$1,256,000,000 to \$1,506,000,000.

For the fact that 1936 produced a 15-year record in government receipts, several causes were given, notably the fact that an increasing national income has encountered tax rates at levels seldom approached within that period and that more items and activities are subject to taxation than at any time in those years.

COL. ROBERT RAWLES
PASSES IN ALABAMA

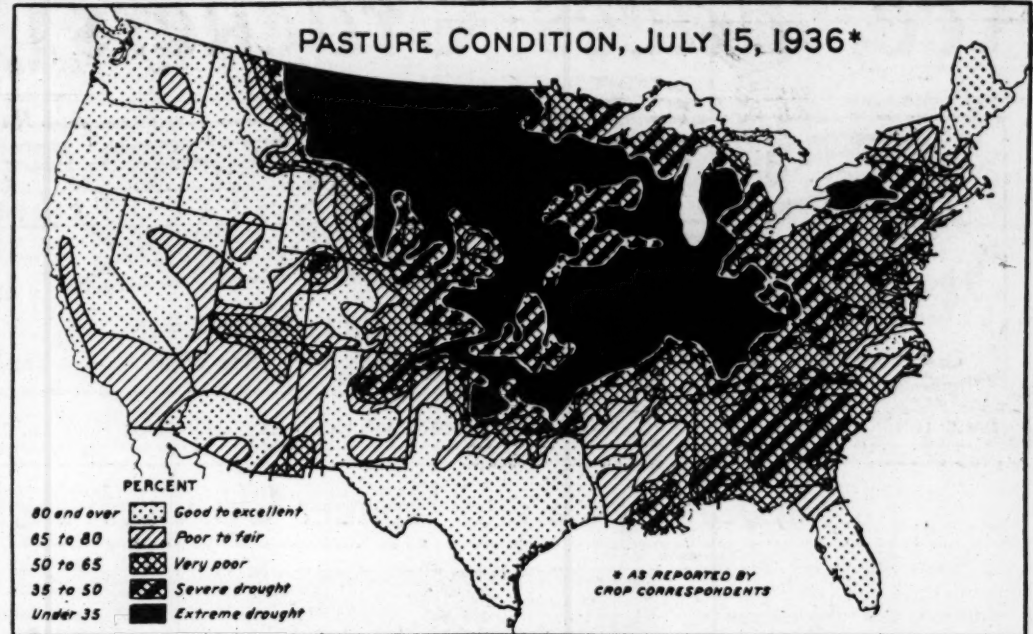

ATHENS, Ala., July 22.—(AP)—Colonel Robert M. Rawles, 74, for 53 years editor of the Alabama Courier, a weekly newspaper here, died today following a short illness.

The veteran editor long had been identified with the public life of the Tennessee valley and served under President Woodrow Wilson as postmaster of Athens. His wife and one son, Lieutenant Colonel Waldo Rawles of the United States Army, survive him.

SEWANNA ANCHORS

ABOARD SCHOONER LIBERTY. OFF WEDGE PORT, N. S., July 22.—(AP)—A 30-mile run that required eight hours of sailing from lower Wood harbor brought President Roosevelt to a sheltered anchorage aboard the schooner Sevanna tonight in the Tucker river off Wedge Port, south-west Nova Scotia.

Favored by wind and tide, the sturdy little vacation craft with the President, three sons and a brother-in-law aboard, made the first half of the journey along the eastern shore of the Bay of Fundy in two hours.

**Roosevelt's Order
On Postmasterships**

WASHINGTON, July 22.—(AP) The text of President Roosevelt's executive order making the future appointment of first, second and third class postmasters subject to civil service examination, follows:

"By virtue of and pursuant to the authority vested in me by Section 1755 of the revised statutes (U. S. C. Title 5, Section 631) by the act of July 12, 1878 (U. S. C. Title 59, Section 31) and as President of the United States, it is hereby ordered that whenever a vacancy occurs in the position of postmaster in any office of the first, second, or third class as the result of (1) death, (2) resignation, (3) removal, or (4) expiration of term, the following procedure shall be observed, in accordance with the provisions of the civil service act of January 16, 1893 (22 Statute 403) and the rules and regulations made pursuant to the said act, in so far as such provisions may be applicable:

"Section 1 (A) The postmaster general may recommend to the President the appointment of the incumbent, or the appointment by promotion of classified employee in the postal service in the vacancy office, provided either such incumbent or such classified employee is found eligible by the civil service commission by non-competitive examination; or

OPEN EXAMINATIONS ARE PROVIDED. "(B) Upon request of the postmaster general, the civil service commission shall forthwith hold an open competitive examination to test the fitness of applicants to fill such vacancy and shall certify the results thereof to the postmaster general, who shall thereupon submit to the President for appointment to fill the vacancy the name of the highest eligible unless it is established to the satisfaction of the civil service commission that the character of residence of such eligible disqualifies him for appointment. This procedure shall be followed in all examinations announced by the civil service commission subsequent to the date of this order.

"Section 2. No person may be admitted to the examinations provided for in Section 1 hereof unless he has been a bona fide patron of the office for which a postmaster is to be appointed, for at least one year immediately preceding the time fixed for the close of receipt of applications.

AGE LIMITATIONS ARE OUTLINED. "Section 3. No person who has passed his sixty-seventh birthday shall be appointed acting postmaster in any office of the first, second or third class unless he is already in the postal service, nor shall any such person, except as provided in Section 4 hereof, be admitted to an examination which may be held for any such office under the provisions of Section 1.

"Section 4. In all examinations held under the provisions of Section 1 hereof, the age limit prescribed in Section 3 shall be waived as to candidate who are entitled to military preference as a result of service in the World War, the Spanish-American War, or the Philippine insurrection, and in rating the examination papers of such candidates the civil

service commission shall add five points to their earned ratings and make certification to the postmaster general in accordance with their relative positions thus acquired. The time such candidates were in the service during such wars may be reckoned by the commission in making up the required length of business experience.

Section 5. This order supersedes all prior executive orders affecting or relating to the appointment of postmasters to postoffices of the first, second and third classes."

**2 KILLED, FIVE INJURED
IN KENNESAW CRASH**

Nashville Automobile Ripped to Pieces in Collision With Truck.

MARIETTA, Ga., July 22.—A man and a woman were instantly killed and five persons were injured, including two children, at about 8:45 o'clock tonight when the sedan in which they were riding collided with a truck on the Dixie highway, a mile north of Kennesaw, about 12 miles from here.

The dead man was identified as Bill Barker, 20, of 2718 Bellair avenue, Nashville, and the dead woman was identified as Mrs. Mamie Brockton, about 55, also of Nashville.

The injured were admitted to Marietta hospital.

They were listed as Mrs. Virgil Barker, mother of the dead man; Mr. and Mrs. A. H. Smith and two Smith children. All gave their addresses as Nashville. Extent of their injuries was undetermined at a late hour last night, pending completion of examinations, hospital attaches said.

According to police, the crash occurred as the sedan, returning to Nashville from Florida and traveling north, struck the truck, loaded with chickens and eggs and proceeding south, ripping the left side of the passenger vehicle completely off and smashing in the top of the car.

Both the man and woman killed were badly mangled. Their bodies were taken to a mortuary here.

The truck was allegedly driven by Willie Hicks, 21, negro, who was taken into custody by Cobb county police. The truck was the property of J. T. Statham, of Rockmart, poultry dealer, police said.

SEARCH FOR NUNOCA EXTENDED BY FLEET

TAMPA, Fla., July 22.—(AP)—Southern seas tossed up two oil drums and a provisions box today to strengthen fears that disaster suddenly halted the voyage of the British motorship Nunoca which dropped out of sight after sailing from Georgetown, Grand Cayman Island, July 4 for this port.

Searching coast guard cutters found the floating objects far down in the Florida keys. So far there is no definite assurance the drums and the box came from the Nunoca, but seamen here believe they did, and believe that ship went down with all 22 persons aboard.

Seventeen coast guard boats continued to comb the waters of the Florida straits, the southeastern Gulf of Mexico, the Yucatan channel and the Caribbean sea. They put in at all ports but nowhere learned anything to give them hope of finding the Nunoca still afloat.

pour into state crop observers' offices, drouth damage statistics predominated alleviated only occasionally by figures surprisingly good considering the long period of hot weather and aridity endured.

Charles D. Reed, Iowa meteorologist, estimated the prospective yield as reduced 100,000,000 to 140,000,000 bushels and termed the drouth "equal in some western counties to the worst that was done in southwest counties in 1934." Another week without rain, said Nebraska's statistician, would "see the finish" of that state's corn crop.

Crop of 40 Per Cent. Missouri's survey rated the corn prospects at 40 per cent, down 32 per cent since July 1. Illinois said "rainfall was pitifully insufficient" for the week in many localities.

Governor Horner's plea, telegraphed to President Roosevelt, asked federal funds to furnish livestock feed and seed for drouth-stricken farmers.

The Minnesota Farm Bureau reported the harvest was disclosing small gains before it was routed by rains and of fair to good quality. Threshers in southeastern Minnesota were getting 40 to 60 bushels of oats and 20 to 25 of wheat, it added. Barley and rye yields approached normal. Cool weather has given southern Minnesota corn a boost also.

In Dixie, the damage from the drouth before it was routed by rains was estimated at \$200,000,000 with Georgia and North Carolina losses at \$50,000,000 each.

Tennessee's loss was revised downward from July 1 estimate of \$50,000,000 and Alabama's \$30,000,000 figure of the first of the month was also believed cut, but crop authorities did not venture to say how much. On the other side of the picture, Mississippi saw the possibility of a \$100,000,000 cotton year and Louisiana expected good cane and cotton yields.

The Aberdeen meeting had been called to arrange a long-time drouth relief program for the Dakotas, Montana and Wyoming.

During the day the Interstate Commerce Commission broadened provisions of previous rulings authorizing railroads to establish sharply reduced rates on livestock moved from western drouth areas to pastures and feedlots in other states.

The new order authorized the low rates for movement of cattle, hogs, sheep, horses and mules from all counties in North Dakota, 54 in South

Lefty Shoun, Baron Ace, Faces Crackers This Afternoon

Traffic was very heavy yesterday in and out of the offices of our better physicians.

It was a gay, gaudy morning. And all the world looked bright. Except I couldn't see it out of my left eye. The doctor had said to come back later and he would do a few things with an electric needle. "It will sizzle but won't hurt much," he said.

It was while contemplating on these little items on the way out that the Masked Marvel, known to the trade as Waxahatchie Paul Richards, was bumped into.

"I am coming in to see about my skull," he said. "After I got beamed last night I had a lump there which I thought might help me with my thinking. The brain had more room. But the bump has gone away."

I wished the Masked Marvel luck and went on. And so help me, upon coming out of the office of the next physician on my staff, if I didn't bump into him again.

"They want to make an X-ray of my bean," he said. "They don't think it's cracked but they want to be sure. I hope it isn't because I've got to play golf this afternoon."

And so he went on down the hall to the X-ray doctor. The skull was not cracked. The polish wasn't even marred. And Waxahatchie Paul will be all right.

MR. J. D. THOMASON WAITS.

Down in the city of Columbus, that grand town, Mr. J. D. Thomason, the football referee, was recalling the old days. "I always thought that fellow Johnny Mack Brown should have paid me about 10 per cent of his movie salary," said J. D. Thomason, mournfully.

"No one had ever heard of him until his Alabama team played Georgia. I was throwing forward passes for Georgia that day. And I threw four. And Johnny Mack Brown intercepted four. From then on he was famous. He went on into the movies and once got to play in a movie and kiss Miss Joan Crawford five or six times.

"And do you know," said J. D. Thomason, "that guy never once thanked me for helping him to that sort of a break. Had he thrown four passes which I intercepted and which led on to fame and a kiss from Miss Crawford—well, I'd at least have sent the fellow a Christmas card."

J. D. Thomason was one of the best fullbacks in Dixie in his day. And now is one of the better referees. He is so good that Georgia Tech, his old foe, rates him as one of their first choices. Which is quite a tribute.

A PHIL BEDGOOD STORY.

Thomason recalled a Phil Bedgood story. "Bedgood was with Cleveland when Speaker was manager," said Thomason. "They were having skull practice before a game."

"All right, Bedgood," said Tris, "we are playing the Yankees and Babe Ruth is at bat. They take Ruth out and put in a pinch hitter. What would you do?"

"I'd throw down my glove and quit," replied Bedgood, "because any league where Babe Ruth is removed for a pinch hitter would be too fast for me."

"They liked that answer so well they kept Bedgood around for seven years."

THERE WAS A LAUGH.

There was a laugh in Columbus last year at the time of the Georgia-Auburn game. And it was perhaps the only laugh Harry Mehre had that bitter cold day.

The papers that morning had carried a story of a Louisiana father who had gone to a football game to see his son play. The coach hadn't put him in the game. And so the father, being an excitable cuss, had pulled out his forty-four gun and killed the coach.

That morning, before the game, one of the Georgia subs came up to Harry Mehre and handed him the clipping. Coach Mehre read it and looked up.

"I just wanted to tell you my father would be at the game today," said the sub, and went quickly away from there.

CARL SNAVELY GIVES REASONS.

There is a rebuke to college alumni and to the football system in an interview granted the Associated Press in Virginia yesterday by Carl Snavely, until last winter head football coach at North Carolina. He left there to take the Cornell job.

"I just felt that it would be impossible to please all the various factors I had to please," he was quoted as saying. "You know, a coach must do more than teach boys to play football and turn out winning teams. He must please the faculty, the alumni and the student body as well. It would have been impossible to please them all this year."

It was at North Carolina that the Graham plan was made. This is known also as the Ostrich plan. The officials plan to forbid any help at all to college athletes, penalizing them for being athletes. Heads will then be figuratively inserted in the sands so that no violations will be seen.

CRACKERS ALL SET.

Eddie Moore, manager of those brave lads, the Crackers, made a most satisfactory and thoughtful move before the Tuesday victory over Birmingham.

The club, upset by the sale of Dave Harris, was assured there would be no more sales and that all men who played the game were on the team to stay throughout the season.

This restored the morale damaged by the Harris sale, which officials of the club thought justified by the record, but which had, temporarily at least, disturbed the players and fans.

It is more and more evident that this Atlanta club is easily the outstanding team in the league. The pennant seems reasonably safe. The problem now is not what is wrong with the

Burns and Rawlings Win Women's Prizes

Mrs. Jimmy Burns, with a 94, and Mrs. H. S. Rawlings, with a net 81, won first prizes Tuesday on the Capital City Club course in the weekly one-day tournament sponsored by the Atlanta Women's Golf Association.

Miss Mary Warren won second gross prize, and Mrs. W. C. Vines was second low net.

One of the largest crowds in recent weeks participated in the one-day tourney.

BROWN, RIDLEY RESUME BATTLE IN SEMI-FINALS

Georgia Champion, Runner-Up Meet in Feature of LaGrange Tourney.

LAGRANGE, Ga., July 22.—James (Kid) Brown, Georgia's newly crowned amateur champion, and John Ridley, runner-up to Brown in the Atlanta finals last week, will resume their championship battle at 9 o'clock Thursday morning on the Highland Country Club course. It will be a feature match of the semi-final round of the annual Highland invitation tournament.

Brown led a record field of 104 golfers through the qualifying and first-round matches today. The Ansley Park star defeated Pierce Harris, of Columbus, 2 up, in an afternoon match, with near-par figures.

Jack Cook, a fellow Ansley Park player, was second low in the qualifying round with a 76, one stroke above the medalist, and defeated Jack Ezell, West End player, 6-4, in the first round this afternoon.

In the other first-round matches, John Ridley eliminated E. S. Kennington, Gastonia, N. C., 3-2, to win his way to the semi-finals, and Ely Callaway, LaGrange boy, beat Neal Howell, West Point, 6-5. Callaway will play Cook in the lower half of the championship bracket, immediately following the Brown-Ridley match.

ATLANTA'S LEAD.
Atlanta, with an unusually large delegation participating in the 13 flights, is certain to have a representative in the finals, with the all-Atlanta battle in the upper half. And it is not impossible for an all-Atlanta final, with young Jack Cook in the lower half.

John Ridley is the defending champion and being a former LaGrange boy and on the course where he first learned to play golf, he is out for a revenge for losing the state championship last week on the Capital City Country Club course in Atlanta.

Play in the lower flights was equally as close and interesting as the championship flight, but with the title at stake, interest naturally shifted to the first flight, where there was a battle to get within the select circle of eight players.

All players will remain in the tourney through Thursday morning, as consolation flights will be formed from the defeated players in each flight. Two 18-hole rounds will be played Thursday in the semi-final and final.

TOUGH LAYOUT.

The Highland course, the toughest nine-hole layout in the state, again withstood the stroking of more than 100 golfers and was not equalled throughout the qualifying and first round. In fact, par was not hard pressed, as Brown was five strokes away to win medal honor.

And in comparing today's scores, it will be recalled that Wats Gunn, former Atlanta, won the Southeastern P. G. A. title here with 302 strokes back in 1928, when 75 was the lowest score of the tourney. It is truly a tough layout, with par most likely not to be molested in Thursday's play.

Albert Jones, former West End professional in Atlanta, and his assistants have done a great job, sending more than 100 golfers over the course twice today, without a hitch.

THE RESULTS.

CHAMPIONSHIP FLIGHT.
Kid Brown, Atlanta, defeated Pierce Harris, Columbus, 2 up; John Ridley, Atlanta, defeated E. S. Kennington, Gastonia, N. C., 3-2; Ely Callaway, LaGrange, defeated Neal Howell, West Point, 6-5; Jack Cook, Atlanta, defeated Jack Ezell, Atlanta, 6-4.

Cunningham, Rawls Are Most Popular

ABOARD S. S. MANHATTAN, EN ROUTE TO LIN, July 22.—(P)—Glenn Cunningham, of Lawrence, Kan., and Katherine Rawls, of Miami, today were the most popular man and woman by the other American Olympic-bound athletes.

Glenn Hardin, Louisiana State's timber chopper, was chosen the handsomest man, while Mrs. Joanna S. Detscan, Detroit folk woman, was selected the most beautiful of her sex.

Jesse Owens, Ohio State negro sensation, and Glenn Morris, Fort Collins, Colo., decathlon star, finished runners-up to Cunningham and Hardin, respectively.

Miss Mary Warren won second gross prize, and Mrs. W. C. Vines was second low net.

One of the largest crowds in recent weeks participated in the one-day tourney.

State Champion and Runner-Up Clash Again Today

James R. (Kid) Brown, new state golf champion, shown at the top, will renew his rivalry today with John Ridley, whom he beat in the finals of the state amateur golf tournament at the Capital City Club Saturday afternoon to the tune of 7 and 5. The Kid led a record field of 104 through the qualifying and first-round matches today, going around in near-par figures. Jack Cook, another Ansley Park player, was second low in qualifying with a 76, one stroke above Brown. Ridley, a former LaGrange boy, is defending champion, and bids fair to gain revenge on Brown.

Porterdale Meets A. & A. Outfit Today

PORTERDALE, Ga., July 22.—Porterdale ball club plays the fast A. & A. Cleaners ball club in Porterdale tomorrow. This should be a good game as Porterdale leads in the Flint River league, and the A. & A. Cleaners are in second place in the City league. Porterdale has several Oglethorpe stars playing on its team.

Willett's Home Runs Give Buford Win, 7-1

McDONOUGH, Ga., July 22.—Hal Willett's two home runs and a single and White's fine relief pitching enabled Buford's Shoemakers to defeat McDonough, 7 to 1 here this afternoon. It was the 64th win for Buford against five losses.

Jeter started for the visitors but was unsteady and gave way to Abe White, who shut out McDonough in the latter part of the game. McDonough got only seven hits off the combined offerings of the two Buford pitchers.

TIME SUPPLY WINS.

BOSTON, July 22.—(P)—Mrs. F. A. Carraud's Time Supply, five-year-old son of Time Maker, raced to a smashing three-length victory over P. A. Shaw's Governor Sholtz, a rank outsider, today in the first renewal of the \$25,000 added Massachusetts Handicap before 45,000 at Suffolk Downs.

In August may see one or two of the young players as contenders. And next year the state should see two or three of them in the later rounds of the title flight. And after that—maybe something better.

"There is no telling when their games will arrive," he said. "One day they are there. That's all."

EITHER LEONARD OR BUD THOMAS GOES FOR CHAMP

Crackers Out To Show Birmingham Star H Isn't Their Jinx.

By Jack Troy.

Left-handed Clyde Shoun, who been anathema to the Crackers three games this season, will do his pitching of the Birmingham Barons this afternoon as they attempt even the series at Ponce de Leon park. Starting time is 4 o'clock.

Shoun hasn't beaten the Crackers twice in regular starts and saved game as a relief hurler. He is only anathema but a nemesis, well, it seems.

The Baron pitcher is probably best southpaw in the league. The belief is that a really good southpaw will check the Crackers, in much as they have four left-hand hitters in the lineup.

NOT HELPLESS.
But the records show that left-handed hitters have done pretty well against southpaw pitching, that the Cracker club, as a whole, has not exactly floundered because of the southpaw pitching sent against them.

However, a real battle is cast this afternoon. Manager Moore uses either Emil Leonard or Bud Thomas. Both pitchers have had the same amount of rest.

The Crackers are now one up on the Barons for the season. They won eight of the 15 games played date. And they hope to make nine today and remain on the r to recovery.

OUT OF SLUMP.
Tuesday night's showing indicates that the champions were definitely out of their slump. Bobby Durl appeared to be back in form, hur seven-hit ball and seldom being trouble.

They'll have to keep it up the way, for to win today they must prove to themselves and Shoun, that he hasn't actually got the Indian sign on them.

The Barons, battling for second place in the standings, are tough beat. Manager Riggs Stephenson the inspirational type of leader the club battles to the last ditch him.

A fine fielding and dangerous hitting club, the Barons must be oned with in the race. Stephen supplies the punch and much of balance.

The Crackers enter today's game with their league lead resting at games. The Nashville Vols lead the lead by half a game yesterday defeating Memphis while the Crackers and Barons rested.

HINES DEFEATED BY CALIFORNIAN

BROOKLINE, Mass., July 22.—(P) Three Californians, including a 17 and 18-year-old youth, blasted their way through today's quarter-finals of the 44th Longwood Bowl tennis tournament which proved too stiff for the defending champion, Wilmer Hines, of Columbia, S. C.

Hines, ranked ninth nationally, succumbed to 27-year-old Walter Senior, of San Francisco, California's state men's singles champion, 6-2, 6-4, 3-6, 6-3.

Top-seeded Frankie Parker, of Lawrenceville, N. J., had little difficulty in eliminating Alfred Jarvis, of Tenny, N. J., Williams College freshman, 6-0, 6-2, 6-2.

Bobby Riggs, of Los Angeles, 18-year-old national clay court titlist, and the unseeded Joe Hunt, 17, also of Los Angeles, also moved into tomorrow's semi-final round.

Riggs, who took the season's Arthur Hendrix, of Miami, out of the running in a third-round five-setter yesterday, defeated unseeded Bob Harman, of Los Angeles, 6-3, 6-1, 11-9. Hunt had less difficulty in ousting Paul Guio, of Melrose, Mass., 6-2, 6-2, 6-1.

Hines, seeded second in the Cricket Club draw here, dropped the first two sets as Senior repeatedly broke through his service. His accurate placements earned him the third set but Senior broke through again and won the fourth set.

Senior vs. Riggs and Parker vs. Hunt are the pairings for tomorrow.

WOMEN'S SINGLES.
THIRD ROUND.
Bonnie Dean, San Antonio, Texas, defeated Mrs. Whitfield Painter, Dedham, 4-6, 7-5, 6-4.
Gloria Wheeler, Santa Monica, Cal., defeated Brangeline McLennan, Atlanta, 6-1, 6-0.

SCHOOL PENSIONER SEEKS BOARD POST

C. L. Shimp Candidate for Board of Education in Primary.

C. L. Shimp, veteran retired employee of the city school department, became a candidate for the board of education in the September 2 city primary yesterday when he paid his entrance fee to Glenn Dewberry, acting secretary of the city democratic executive committee.

Shimp was the fourth person to qualify yesterday, the others being Councilman W. T. Knight, candidate for council from the third ward; E. A. Minor, candidate for council from the second ward, and W. Paul Carpenter, former councilman, who is seeking election as councilman from the sixth ward.

Shimp was retired by the city Monday when council voted to place him on pension. He had served with the school department more than 25 years.

HORN BLOWING CURFEW IS SET IN NASHVILLE

Other Southern Cities Insist on Quietness by Nuisance Ordinances.

NASHVILLE, Tenn., July 22.—(AP) Shesh!—It's probably safer to be quiet in many towns in Dixie. For instance, right here in Nashville a noise-minded motorist who insists on tooting his horn too much after 10 o'clock at night or before 6 o'clock in the morning may finish his ride with a ticket directing him to tell the judge about it.

City council saw to that last night with passage of an ordinance providing that automobile horns may be blown only "when necessary in negotiating traffic."

Nashville, like all cities, has general nuisance ordinances also, and a city attorney said that under those any noise maker disturbing the peace may be promptly subdued.

But in New Orleans the specific bans are more numerous. A locomotive engineer can't legally blow his whistle in certain areas. And the animal loving householder, under the law, must keep his beasts quiet. Another ordinance there regulates the blowing of horns and playing of drums and one recently repealed prohibited playing radios excessively loud.

In Atlanta there is a general law against any unnecessary noise, while

in Richmond citizens with weary ears are supporting a proposed ordinance modeled after the comprehensive one adopted by New York city last year.

Chattanooga's general noise ordinance was interpreted to ban unnecessary blowing of horns, "cutouts" on automobiles and other racket raisers. The Montgomery city commission, directing a blow at the din of city life Tuesday, decided noisy pets, drum beating and bugle blowing were not so terrible and omitted them from the ordinance.

But along with a ban on unnecessary horn-blowing the commission made it a legal misdeed to ring a rattling automobile, to shout while peddling, hawking or vending in the residential districts and to blow a steam whistle except under certain conditions.

And here are the noises a citizen of Memphis can't make without possibly running afoul of the law—talk loud; raise a fuss to collect a crowd on the street, let his radio be heard on the street, open a "cutout" on a car or blow horns or other warnings except when necessary. And in case that isn't enough "any act or noise likely to alarm or injure people" is prohibited.

JACK ZIMMERMAN CONFESSES GUILT

Former Investment House Operator Enters Plea in U. S. Court Here.

Jack Zimmerman, former operator of the bureau of construction and repair of the navy, a cousin of Colonel Charles A. Lindbergh, pleaded guilty yesterday to one count in each of two indictments returned against him by the grand jury in March.

Zimmerman has been free on bond, but appeared with his attorneys yesterday and agreed to plead guilty to charges of violation of the National Securities Act and conspiracy. He was taken before Judge E. Marvin Underwood in federal district court by I. K. Hay, assistant United States attorney.

Zimmerman had been accused of operating a bucket shop. Judge Underwood deferred sentence until he could investigate the case.

CHARLES C. ADAMSON DIES UNEXPECTEDLY

Charles C. Adamson, retired businessman and long-time resident of Atlanta, died unexpectedly yesterday at the residence, 707 Hill street, at the age of 55.

He is survived by his wife; a daughter, Mrs. J. B. Roberts, and a sister, Mrs. Gertrude Adamson. Funeral services will be held at 4 o'clock this afternoon at the chapel of Harry G. Poole with the Rev. J. L. Allgood officiating. Burial will be in Oakland cemetery.

ATLANTA IS SLATED FOR MARITIME BOARD

Harlee Branch Probable Appointee to Newly Created Federal Commission

By GLADSTONE WILLIAMS.
WASHINGTON, July 22.—President Roosevelt is understood to have definitely agreed upon Harlee Branch, of Atlanta, the second assistant postmaster general in charge of ocean and air mail, for a place on the new United States Maritime Commission, which was created by act of the last session of congress to administer ship subsidy legislation.

Mr. Branch, former newspaperman, was originally executive assistant to Postmaster General Farley and was later fourth assistant postmaster general, being elevated to his present position.

There will be five members of the commission and the president is expected to announce the full personnel shortly after his return to Washington next month.

Probable Appointees.
Listed as other likely appointees are: Rear Admiral Emory S. Land, chief of the bureau of construction and repair of the navy, a cousin of Colonel Charles A. Lindbergh.

Either J. M. Johnson, assistant secretary of commerce or J. C. Peacock, director of the United States Shipping Board Bureau, Department of Commerce.

Paul Scharrenberg, of San Francisco, who is now succeeding the veteran Andrew Furuseth here as legislative representative of the International Seamen's Union.

One other possibility is reputed to be Representative Edward Carlisle Moran Jr., democrat, of Maine, who is not standing for re-election and with whom the President conferred last week at Rockland.

150 Candidates.

There are something like 150 candidates for the five places but the impression is that the final choice will fall in the group named.

The commission will pay \$12,000 annually and the terms, at the outset, will run from two to six years, with one expiring annually, as is the case with other commissions. Succeeding appointments then will be for the full six years. The law provides—as is customary for such bodies—that three members shall be of the same political faith. The act goes into operation with the appointment of the commission.

MURRAY FAR AHEAD IN MONTANA VOTE

Gov. Elmer Holt Fails in Incomplete Primary Tabulation.

HELENA, Mont., July 22.—(AP)—United States Senator James E. Murray appeared virtually assured tonight of the democratic nomination for re-election with a lead of more than 8,000 over Congressman Joseph P. Monaghan. Returns from 829 of 1,257 precincts gave Murray 37,291 votes, Monaghan 29,099.

Other results of yesterday's primary showed: Governor Elmer Holt, seeking re-nomination, behind Congressman Roy E. Ayers 20,368 to 31,184 in 829.

T. O. Larson, stockman, getting 9,048 votes in 777 precincts for the republican senatorial nomination to 6,586 for L. Ray Carroll, his closest opponent.

Phelan A. Hazebaker, stockman, leading for the republican nomination for governor.

Jerry O. Connell apparent winner of the democratic nomination for congressman, first district, H. L. Hart, republican, was unopposed.

James T. O'Connor apparently the democratic nominee in the second district with the republicans in a neck-and-neck battle.

2D HUNGER MARCH ON HARRISBURG

Want 64 Cents Daily; Family Wash Hung on Capital Statue.

HARRISBURG, Pa., July 22.—(AP) Several hundred "hunger marchers" boomed and jeered from the galleries today as Pennsylvania's senate failed to work out a tax program to provide \$45,000,000 for relief of the unemployed.

They heckled and shouted demands for \$100,000,000, or 64 cents per day per person, then sat back and munching sandwiches, and announced they intended to sleep in the galleries unless the senate "quit playing politics."

Pennsylvania's relief funds were exhausted last midnight. This is the second march in two weeks. Unmolested, the demonstrators "took over" the capital rotunda last night and organized their own "legislature."

They slept on the marble stairs and floors and one woman did the family wash, hanging the garments on a statue.

Uniformed troops patrolled both the senate and house doors, but left the galleries open to the marchers.

CLIPPER WILL RETURN TO CARIBBEAN SERVICE

SAN FRANCISCO, July 22.
The Pan-American clipper, a seaplane which pioneered the Pacific air route from California to Manila last year, is going back to Caribbean service.

The nine-ton craft, which took the sky trail for the three big liners now in regular service of 8,000-mile route, soon will leave San Francisco bay base for Manila, C. H. Schildhaver, Pacific division manager of operations, announced.

Last year the clipper was brought from Miami by Captain Edw. Musick, to chart the line over the 25-ton China, Hawaii and Pacific clippers now fly on the schedule.

Schildhaver said the flight to Manila will be by the way of San Francisco, and across Mexico, but no definite date for the start has been set.

SCHEDULE CHANGE

Effective Friday, July 24, No. 2 between Atlanta and Savannah will leave Atlanta 7:35 A. M., instead of 7:25 A. M. C. T. CENTRAL OF GEORGIA RAIL

A FAR-REACHING PROGRAM PRESSES AHEAD TO GIVE NEW SECTIONS OF RURAL GEORGIA THE INSPIRING FORCE OF ELECTRIC POWER

Biggest Rural Electrification Plan In All Georgia History

The Georgia Power Company is now driving ahead with a three-year, \$4,000,000 program which will more than double its present mileage of rural electric lines and place the benefits of low-cost electric service at the finger-tips of at least 60,000 Georgians on farms and in rural communities which never before have enjoyed this modern blessing.

The significance of this program does not stop with the new comforts and conveniences it will usher into the homes and places of business of 15,000 new consumers—the new hours of leisure and wholesome life it will bring to thousands of women—the new opportunities for growth and development it will bring to farms and small communities—the new inspiration for a broader and more contented life it will spread to sections once considered remote and isolated.

Far-Reaching Effects

The \$4,000,000 the Company itself will spend to accomplish these things is only a starting point in the helpful effects this program will have on Georgia. It means new jobs, new purchases from Georgia firms, new money in circulation in Georgia. It means that a brand new market for Georgia business will be created—\$1,250,000 in new wiring for homes—at least another \$1,250,000 to be spent with Georgia dealers for electric ranges, electric refrigerators, electric water pumps, electric water heaters, fans, lamps, vacuum cleaners, irons and the other useful devices which these rural homes will employ to get the full benefit from their new electric service. Many thousands of dollars more will be spent for plumbing and sanitary supplies, as electric-service brings the boon of running water to thousands of homes for the very first time.

In money—in dollars and cents—this program means much in Georgia's business recovery and future progress!

IN RICH OPPORTUNITY FOR WORTH-WHILE LIFE IT MEANS MUCH MORE!

With the completion of the three-year, \$4,000,000 program, the Company's present totals of 2,258 miles of rural distribution lines serving 30,176 consumers on farms and in rural communities will be increased to 5,300 miles of line serving 45,000 rural consumers. Conservatively estimating that four people will use the service in each home or other establishment served—the rural residents enjoying the countless benefits of electric service will be increased from 120,000 to 180,000 people.

Rural electrification is not a new activity for this

Company. Out of the total of 424 communities in which we today supply electric service, 328 are towns, villages and crossroads settlements of less than 1,000 population. An aggressive program of rural line construction was launched in 1928 and rapid progress was made until the depression forced a curtailment, but not a cessation, of this activity. 1936 came—the first year the Company began to feel the effects of business improvement—and we set out to make it the biggest year in rural line construction since the depression.

PROGRAM FOR 1936 MORE THAN DOUBLED SINCE FIRST ANNOUNCED

In January, the Company announced plans for building 450 miles of rural lines during the year, to extend service to 2,500 new consumers. Under the expanded program now announced, the mileage of lines to be built in 1936 is more than doubled, so that 1,026 miles of rural lines serving 5,000 new consumers will be constructed this year. Already this year 261 miles of line have been built—1,328 rural homes are now getting electric service for the first time. An additional 552 miles to serve 3,006 rural customers are now under construction or have been approved for construction. Surveys and investigations are now in progress for the remaining 213 miles which will be built before the end of the year.

Building for the Future

Rural electrification is an activity we long have endorsed—not by words, but by actual construction of lines that are now serving thousands of Georgia homes. The new \$4,000,000 program—the biggest program of rural electrification ever known to Georgia—is carrying our faith in this phase of our work into future years; on a bigger scale than ever.

Farms, villages and the smallest communities on our lines enjoy the same low rates and get the same dependable service as the largest city.

Interesting Plans Are Revealed In Georgians' Vacation Activities

By Sally Forth.

THE much-told and talked-about heat wave throughout the country has not prevented a large number of Georgians and Atlantans from journeying to New York and seeing the sights, which are, incidentally, very numerous in the big city. For Frances Napier, of Monroe and Atlanta, and Caroline Clements, of Buena Vista, will be the recipients of long-anticipated graduation presents this week when they depart for an extended visit in New York city. Frances and Caroline graduated from the University of Georgia in June, and their trip is a gift of their parents in reward for their years of excellent and enjoyable work. En route to New York they will spend several days at Virginia Beach, after which they will embark upon a ship at Norfolk to travel the rest of the way by sea. During the visit, Frances will leave the party for a few days to attend the most prominent of the "hops" at West Point, where she will probably have ample opportunity to display her southern drawl.

Another party of Atlantans who are already participating in the exciting life of Gotham are Mrs. C. J. McElheny, Mary Ann Fuller, Ruth Blodgett and Mrs. Martha Hill Arnold, of Newnan, Ga. The latest report from this group tells that they were among those attending the Major Bowe broadcast at Rockefeller Center on Sunday evening. It is considered practically miraculous for visitors even to get into this entertaining program, for the tickets are usually taken for months in advance. However, despite discouraging rumors, the Atlanta party not only attended the broadcast, but they were seated on the front row. So close were they to the famous "Major" that they could have reached out and tweaked his nose almost without standing, had they so desired.

Mr. and Mrs. Edward Cauthorn are the fated guests of Rush Kress at his summer home near New York, and their young son, Edward Thomas, is spending the summer months at a well-known boys' camp in north Georgia. Mrs. Sally Meador Mallard left Atlanta recently to visit her daughter, Mrs. Croswell Reynolds, the former Mary Brock Mallard, in Richmond, Va. After spending several days there, Mrs. Mallard will go to New York to keep house during the summer months for her son, William Mallard. William has made quite a name for himself in New York and is now a prominent executive in one of the most successful radio corporations in that city.

THEY were at one of the swanky night clubs where society is wont to gather these summer nights. The husband kept putting nickels and dimes in one of the slot machines that are popular features of such spots.

He was not very lucky and his losses began to mount. When they totaled \$3 his wife remonstrated: "That's enough to lose in one evening."

"Oh, we'll just charge it up to the evening fun," he replied. And he kept on playing.

"Well, if you feel that way about it," came back the answer, "I'll never again agonize over paying a dollar and a half for a lamb roast."

KATHERINE COOK, of Gabbettville, Ga., is decidedly one of Atlanta's most beautiful summer visitors. Of the Spanish blond type, Katherine possesses a wealth of golden hair and large brown eyes.

As the guest of her aunt, Mrs. Ten Tigner, the young Georgia belle is being feted at innumerable social gayeties. She excels at swimming and each morning finds the visitor with a group of Atlanta's school set enjoying this popular summer sport in nearby pools and lakes.

Particularly striking are Katherine's swim suits, which show her flair for selecting those colors that accentuate her slender blond beauty. Katherine plans to return home Saturday, but if her friends are successful in their persuasion she will remain throughout next week.

Bible Class Honors Mrs. Hoke Shirley

Mrs. Hoke Shirley, who is leaving soon to make her home in Elberton, was given a farewell party Tuesday evening at the Kirkwood Baptist church by the Jackson Bible Class of which she has been teacher for three and one-half years.

The entertainment of the evening was a portrayal by different members of the class of the high lights of Edna Swindell Shirley's life, beginning with her birth and continuing up to her departure for Elberton.

Mrs. Shirley was presented with a handsome Governor Winthrop secretary and ladder-back chair by the president of the class, Mrs. J. R. Glass.

Two hundred members of the class were present. Rev. and Mrs. Shirley, their children, Catherine and Hoke Jr., will leave at an early date for their new home.

Doris Edna Jordan Honored on Birthday.

Mrs. Felix Jordan was hostess at a children's party Saturday afternoon at her home in Spring Hill on the Marietta road, in compliment to her daughter, Doris Edna, who celebrated her eighth birthday. Guests enjoyed playing games and refreshments were served from a beautifully decorated table, centered with a birthday cake with lighted candles. The color scheme was carried out in green and white.

Lillian Mae Patterns

"Here is the prancing steed I promised you," said Nancy as she finished a pillow for Peter's room. She had selected a piece of firm saten and onto this she had put her design. The horse may be applied or worked in embroidery, or may be made with man and tail worked in buttonhole stitch. The spots which make this horse a dappled one may be done in large French knots or in satin stitch.

BETWEEN-SEASONS FROCK OFFERS TWO SMART VARIATIONS.

PATTERN 4057.

Just ahead—a bright new season—Fall! Don't let it catch you napping without a really "nifty" up-to-the-minute frock like Pattern 4057. Mother will love the short-sleeved, round-necked version, made up in crepe or wool georgette, with saucy button accents for belt and the cleverly notched yoke. The young miss who goes back to school is sure to speak for a longer-sleeved version, made up in a challis or wool crepe, and a crisp, little-girl collar atop the pretty yoke. This delightful, easy-to-make style will "fill the bill" on many a gala occasion, and make you the envy of your own charmed circle.

Pattern 4057 is available in sizes 12, 14, 16, 18, 20, 22, 24, 26, 28, 30, 32, 34, 36, 38, 40. Size 16 takes 3 1/2 yards 39-inch fabric. Illustrated step-by-step sewing instructions included.

Send 15 cents in coins for this Lillian Mae pattern. Do not send stamps. Write plainly name, address and style number. Be sure to state size.

Be sure to order your copy of our Lillian Mae Pattern Book! After a year the cool, lovely clothes you need for summer fun—pictured in smart, simple models that are even fun to make! Pretty house dresses and play outfits. Fetching frocks for parties. The latest slenderizing designs for slims. Practical models for children. Advice on fabrics and sewing. Book 15 cents. Pattern 15 cents.

Jones-Breitenbucher Wedding Will Be Solemnized July 25

BIRMINGHAM, Ala., July 22.—The marriage of Miss Frances Elynn Jones, daughter of Dr. Walter Clinton Jones, of this city, to George Albert Breitenbucher, of Birmingham, formerly of Atlanta, will be solemnized Saturday evening at the Independent Presbyterian church in this city at 7 o'clock. The ceremony will be followed by a reception at which the bride-elect's father will entertain at his home on Arlington avenue.

Mrs. W. L. Fulghum, of Atlanta, the groom-elect's sister, will be the matron of honor, and Mr. Fulghum will act as Mr. Breitenbucher's best man. Miss Lydia Holliday, the groom-elect's niece, will be one of the bevy of attractive bridesmaids attending the bride-elect.

Mr. and Mrs. George Breitenbucher, of Atlanta, parents of the groom-to-be, will be among the out-of-town guests attending the wedding and will leave for Birmingham on Friday. After their marriage, Mr. Breitenbucher and his bride will reside in Birmingham, where they will be interesting acquisitions to the younger married contingent of society.

Miss Frances Austin will be hostess today at a seated tea at the Biltmore hotel as a complimentary gesture to Miss Johnson, and she will be assisted in entertaining by her mother, Mrs. James Austin. Invited to meet the lovely bride-elect are her mother, Mrs. Edgar Johnson; Mrs. Charles Hunt, Miss Helen Stipe and Mrs. Boynton Cole.

Mrs. Douglas Rumble will give an informal dinner on Saturday evening at her home on Haygood drive in honor of Miss Johnson and her fiancé. Among other who have entertained for the bride-elect are Miss Virginia McGhee, who was hostess at bridge last Saturday at her home on Clifton road, Miss Helen Ross, sister of the bridegroom-elect, who has been Miss Johnson's guest, returned to her home in Macon yesterday.

Popular Visitor and Bride-Elect Are Honored at Social Functions

An attractive visitor and a future bride are being complimented at many informal social affairs this week.

They are Miss Elinor Smith, who is visiting Miss Scott Meador, at her home on Peachtree road, and Miss Rachel Johnson, whose marriage to Dr. Thomas L. Ross, of Macon, will be a brilliant event of the near future.

Mrs. John S. Spalding and Miss Elizabeth Spalding will be hosts at a bridge party tomorrow afternoon as a complimentary gesture to Miss Smith, and a limited number of friends of the bride-elect are invited to attend.

Guests include Misses Joyce Smith, Scott Meador, Belle Meador, Margaret Holscomb, Harriet Ann Bayler, Mrs. Bradford McFadden, Julie McClatchey, Frances North and the honor guest, Miss Smith will be honored at many other parties, the dates to be announced later.

Miss Frances Austin will be hostess today at a seated tea at the Biltmore hotel as a complimentary gesture to Miss Johnson, and she will be assisted in entertaining by her mother, Mrs. James Austin. Invited to meet the lovely bride-elect are her mother, Mrs. Edgar Johnson; Mrs. Charles Hunt, Miss Helen Stipe and Mrs. Boynton Cole.

La Rocca Grove To Sponsor Dance.

Mary E. La Rocca Grove, of the Supreme Forester Woodmen Circle, will sponsor a dance Saturday evening at 8 o'clock in the W. O. W. hall in East Point, for the benefit of the Home for Aged Members and Orphan Children, located in Sherman, Texas.

The music will be furnished by a five-piece orchestra. The admission is 50 cents a couple and the public is invited.

For Popular Visitor.

Misses Elizabeth Odell, of Concord, N. C., and Julia Barber of Mt. Airy, N. C., the charming guests of Miss Martha Burnett, daughter of Mr. and Mrs. Gordon Burnett, at her home on Peachtree road, are forming the inspiration for many lovely social affairs during their visit to the city.

One of the most delightful of these is the bridge party to be given by the sister and brother of the hostess, Mr. and Mrs. Frank Treadwell Davis, at their home on Peachtree road tomorrow evening.

The party will be quite informal and only eight members of the young social contingent are invited to attend.

For Miss Upchurch.

Mrs. Don E. Woods entertained at luncheon yesterday in compliment to Miss Frances Upchurch, whose marriage to Andrew DeFord will take place at an early date. Mrs. J. H. Beckham assisted her daughter in receiving her guests.

Invited to meet the bride-elect were Misses Ruth DeFord, Winnie Madrox, Mesdames George Hurt, Perry Crawford, John Bunsley Jr., Jimmie Peacock, W. E. Upchurch, W. A. Upchurch, Albert Happoldt, Sam Heard, J. H. Beckham.

OFFICES FOR FORTSON
BROUGHT TO ATLANTAHurt Building Headquarters
Announced by Campaign
Manager Tate Wright.

Tate Wright, campaign manager for Judge Blanton Fortson, announced yesterday that general headquarters have been moved from Athens to Atlanta and are located at 849 Hurt building.

Wright said "Judge Fortson's candidacy has grown so rapidly in all sections of the state that it has been necessary for us to move the general headquarters to Atlanta to keep in immediate touch with the campaign organization. The Athens office will continue as the tenth district headquarters."

Judge Fortson carries his campaign into the fourth district today, where he will remain until Saturday afternoon, delivering a speech at Newnan at 3 o'clock (Atlanta time) Saturday which will be broadcast over WSB.

Mrs. Forrest Kibler, secretary of the woman's division for the Fortson campaign, said yesterday that organization of the women of the state supporting the Fortson candidacy is being organized in the 10 congressional districts. An executive committee has been elected with Mrs. Frank Matthews, of Atlanta, chairman, and the following committeewomen: Mrs. J. D. Ames, Mrs. M. E. Tiller, Mrs. Ardie White, Mrs. J. P. Womel, Mrs. Herman Heyman, Mrs. Charles Goodman and Miss Allie Mann.

MRS. SARAH BAKER DIES.

MEMPHIS, Tenn., July 22.—Mrs. Sarah Jane Baker, 86, died today at the home of her daughter, Mrs. J. L. Hixson, wife of the principal of Tech High school.

Newly Discovered
Hormone Great Benefit
to Women Past 45

The age of 45 marks a physiological turning point in a woman's life. At this critical age she becomes "cranky" and "irritable." Everything seems to annoy her. She complains of dizzy spells, bursting headaches, hot flashes, "nerves," these symptoms, doctors say, are due to a deficiency of a certain hormone (land activator) in her system.

This hormone is being used with remarkable success in thousands of cases. It now may be obtained in tablet form, together with other beneficial ingredients, under the trade name of Zoak (orange wrapper) at Taylor's Pharmacy, Peachtree and Cain, who will refund your money if you do not feel greatly relieved after taking Zoak until interrupted as directed.—(adv.)

'YOUR FIGURE, MADAME!'

By IDA JEAN KAIN.

GO HAPPILY HIPPLESS.

Slim girls who put themselves on a diet program to lose hips add to their figure problem. You could diet yourself into string-lines and still have hips, for dieting, a general reducing measure, is ineffectual in the correction of a specific figure fault.

Sitting can add to the hip measurements at the rate of one and one-half inches a year, and figures prove it. A large percentage of the business girls can take their calipers without a flinch.

IDA JEAN KAIN, fitter of the scales while drastic changes occur in their measurements. Even the thinnest grow hippy with desk work, and the little girl's hip measurements may annoy her more than the entire weight problem of the large girl.

Exercise is the only satisfactory method of altering measurements, and the one way to whittle down the hips. Any girl with normal weight and large hips needs corrective exercise, for figure control lies in well-toned muscles. Sedentary work lessens muscle tone, but even a little exercise consistently directed to this area strengthens and firms the muscular network.

The office worker has little time and energy for exercise, and for this reason she should convert routine movement into corrective exercise. Contracting the gluteal muscles of the buttocks while climbing stairs, walking and standing is so much exercise to the good. It is impossible to contract the gluteals without at the same time contracting the abdominal muscles, another good figure habit. In fact, one of the best things you can do for your figure is to pull up continually with the lower abdominal wall. It is unnatural to hold the tummy in constantly, but you can train these muscles to a flat line by making a practice of pulling up with the lower abdominal wall.

Back to office hips, the following exercises, suggested because they are as effective as they are easy to do, reduce hips and conserve energy with relaxing benefits. Make each movement free and easy, avoiding any tension.

Position: Stand erect, hands on level with chest, palms down.

Movement: Raising alternate knees, kick right knee to left hand and left knee to right hand. Repeat 10 kicks, later 30. Always hold the knees at waist level.

For contour control below the waistline there is no exercise like the side scissors. This exercise disciplines the muscles of hips, thighs, abdomen and buttocks.

UNLIMITED SESSIONS
OF ASSEMBLY URGEDLarsen Would Pay Members
Set Salaries and Remove
Time Restriction.

CLAXTON, Ga., July 22.—Annual sessions of the general assembly at stipulated salaries for members and unlimited sessions rather than the present system of limited biennial sessions on a per diem basis was advocated here today by Judge W. W. Larsen, of Dublin, candidate for governor.

"I favor annual sessions with the length of the session long enough to transact all of the business. It would be best to require performance of all work without limitation as to the length of the session. I would pay each member \$500 per annum instead of the \$490 he receives now as the rate of \$7 per diem, and fix the amount of compensation in the constitution so members could not vote additional pay to themselves.

"Such an arrangement will guarantee completion of necessary legislation and protection of the state. It will also give the general assembly dignity, power and authority to legislate. It would prevent the blocking of legislation and enable members to do what the people want them to do.

"Until such legislation is enacted, I shall insist that tax bills and other legislation necessary for operation of the state be given legislative preference."

LARSEN ATTACKS RIVERS

IN SPEECH AT REIDSVILLE

REIDSVILLE, Ga., July 22.—"With the print of red suspenders still on his back, Speaker E. D. Rivers rears back and says: 'Let me run. I am the only man who can defeat the present regime. If anyone else runs, they cannot be defeated.'" Judge W. W. Larsen, candidate for governor, told an audience here yesterday afternoon.

Continuing, the Dublin candidate said:

"Many people in Georgia say they would just as soon have Talmadge as Rivers, and they want neither. They are demanding that some person not aligned with either of these two and upon whom they can rely, be elected. For this reason, I am a candidate and will be the next governor of Georgia."

Judge Larsen also declared his opposition to the Townsend old age pension bill, saying the aged people of the country are being used by self-seeking politicians, who simply are using them to further their own ends.

Judge Larsen outlined his ideas for the development of the natural resources of the state to restore it to its former imperial position before political factions divided and caused it to drop from its enviable position. He enumerated many of the assets the state possesses and advantages that might accrue through proper development of them.

20-YEAR SENTENCE REDUCED TO FIVE

Carl Weekes Pleads Guilty at Second Trial on Burglary Charge.

Carl Weekes, recently sentenced to 20 years on the chain gang, saw his sentence reduced to five to eight years yesterday after he was granted a new trial in Fulton superior court by Judge E. E. Pomeroy and had entered a plea of guilty.

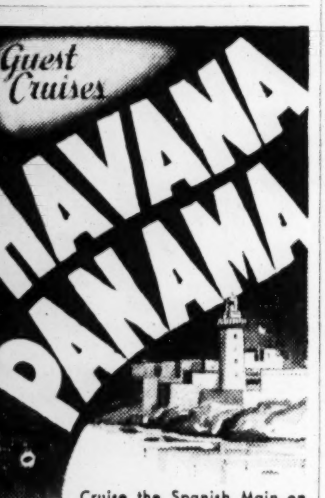

Three weeks after being pardoned by Governor Talmadge this spring, Weekes was arrested in the Auto Pignatelli and Parts Company and charged with burglary and possession of burglary tools. W. C. Johnson is serving a 6-to-20-year sentence for the same offense.

In 1934, Weekes was convicted on two auto theft charges, one of them in federal court and, after a year in the federal prison, was transferred to the Fulton county chain gang, from which he was released on a writ of habeas corpus that claimed the sentence ran concurrently with the federal sentence. The state supreme court reversed this ruling and ordered Weekes to return to the chain gang. While still at liberty, he was pardoned by the Governor.

Representing Weekes yesterday was Arthur W. Powell, while the motion for a new trial was resisted by Assistant Solicitor General Walter LeBarrow, who claimed the maximum 20-year penalty should apply as it was a second offense.

TRAPPED BY GREED.

While I do not approve of vindictiveness, holding that the fellow who tries to get even is more apt than not to "get it in the neck" himself for the second time, I must admit that when it works it affords ineffable pleasure.

In a contract game I was watching last week the West player had infuriated his opponents and shamed his own partner by his poor sportsmanship. He observed the laws to a T, but was a consistent offender against the spirit and ethics of the game. So when he was beautifully "fixed" on the following hand every one applauded vigorously. His own greed was his undoing.

South, dealer.
Both sides vulnerable.

♣ A J 8 4

The bidding:
South West North East
1 club 1 heart Pass Pass
Double Pass 2 diamonds Pass
2 no trump Pass 3 no trump Pass
Pass Pass

West opened the queen of hearts and when the dummy appeared declarer's spirits sank. The excellent diamond suit would be blocked by his own queen-jack, unless the adverse cards were fortunately placed or the defenders slipped. Of course, he would be glad to present the adversaries with a diamond trick in order to clear the suit, but knew that if East had the diamond king he would not take it at his first opportunity, whereas if West held it (unless it were a singleton or had only one guard) he would simply refuse to cover the queen or jack. And if only two diamond tricks could be counted, obviously the contract was doomed.

Suddenly the declarer thought of a wonderful plan to capitalize on the proved greed of the West player should he hold the diamond king twice guarded! To think was to act. He laid down the diamond queen and simultaneously played a small diamond from the dummy before West had a chance to follow suit. Thus he "innocently" gave West the opportunity to win a trick that he (West) was sure he might never get again. The lure of something for nothing was too strong—west "fell" with a loud bang! Chuckling greedily he scooped up the trick with his king, while the declarer and the breath holding kibitzers let out a roar of sheer delight. When the subsequent play showed West that he had traded the declarer four diamond tricks for one it would have been difficult to find a more crestfallen bridge player in the western hemisphere. To cap his humiliation his own partner sneered: "That certainly was a clever play of yours, gobbling up that diamond trick! The trouble is, it seems to have given you indigestion!"

Today's Question.
Question: My partner and I were vulnerable at nonvulnerable opponents. North, my partner, opened the bidding with one spade, second hand bid two diamonds, and I jumped to four spades. West bid two diamonds, my partner doubled, and the next hand passed. My hand was as follows: Spades, K 9 7 6 5 2, hearts Q 8 4 3 2, diamonds, none, clubs 6 2. Should I have left in the double?

Answer: No. You should bid five spades. It is true that your previous double-jump warned partner that you were long in spades, but even so, you cannot expect him to visualize such a freak as you hold.

Tomorrow's Hand.

GEORGIA BALLOTS TO INCLUDE LEMKE

Gerald Smith Says 'Union' Presidential Candidate Will Be Entered.

By THE ASSOCIATED PRESS.
The Rev. Gerald L. K. Smith said here yesterday the name of William Lemke will be placed on Georgia ballots for the November general election as "union" party candidate for president.

Smith, en route from New Orleans to Albany, N. Y., announced the appointment of J. Ira Harrelson, of Atlanta, as the party's national committee man in Georgia.

Harrelson, he said, will co-operate with other officials in getting Lemke's name on the tickets in North and South Carolina, Florida and Alabama.

Smith said an estimated 100,000 persons in this state are adherents of the share-our-wealth movement, initiated by the late Huey Long; the idea of Father Coughlin and the Townsend old-age pension plan.

"What duplication there is in this, we don't know," Smith explained.

"But there are a lot of people in Georgia," he asserted, "who feel Roosevelt has double-crossed them, yet don't want to go along with London."

Presidential candidates have until 30 days before the November general election to qualify in Georgia with the secretary of state.

MRS. SOPHIE BROWNE
PASSES IN COLUMBUS
Mrs. Sophie Weil Browne, 80, long-time and well-known resident of Columbus, Ga., died yesterday at her home in Columbus, at the age of 80.

She was the grandmother of Mrs. W. E. Oettinger, prominent in Atlanta musical circles, and the mother of Mrs. D. S. Goldberg, of Columbus. A great-grandchild also survives.

Funeral services will be held at noon today at the graveside in Crest Lawn cemetery with Nathan Saltzman officiating.

Sam R. Greenberg is in charge of arrangements.

Friendly Counsel

By CAROLINE CHATFIELD.

Problems of general interest submitted by readers will be discussed in this column. Correspondence invited. Your name held in confidence. Write to Chatfield, care The Atlanta Constitution.

Those who pride themselves on their originality are inclined to sneer at the platitudes, yet even though it is condensed and canned the wisdom of ages is in them. You know the old one that reads "We take out of life just what we put into it, no more, no less." Does it taste of the corn? Perhaps it does but there is a good reason for any that are disappointed, disillusioned and down on their luck.

It does no good to gripe about the bad deal life hands out. We have to put in before we can take out. The teller at the bank is blind to your check and deaf to your call for cash if you haven't made a previous visit to his window and deposited something to check against. It does no good to rail at him. He passes out the money only to those who have passed it in to him. Life's like that.

If your job is a bore and your associates are waning to you on the way up, the probability is that you are leaning on the desk when you aren't looking in the corridor, that you have not brought a new idea or an hour's extra work to the office in many a day. Nothing short of enthusiasm, imagination and elbow grease will make a job a paying proposition, either in pleasure or in purse.

If leisure time hangs heavily on your hands and you have nothing to do but kill H, your brain is anesthetized, your eyes are blind and your ears are deaf. There are myriad interests about you beckoning to be taken up. People, books, music, "wood, field and stream."

Is your family down on you? Your friends neglectful of you? Your social acquaintances and business associates inconsiderate of you? The reasons lie within you. Not even the blood ties that bind you to members of your family will make them love you unless you treat them in such a way that they elicit their love. The bonds of friendship are not firm enough to hold unless they are continually reinforced with courtesy and kindness, with thoughtful remembrances and pleasant exchanges. Business associates recognize no obligation to you beyond what you imply and express in casual contacts with them.

That's not all the story. It takes wit and wisdom to decide what to put into life and where to put it. It takes good judgment to determine what to give and when to withhold. The mother that makes a doormat of herself for her husband and her brood may make up her mind to have them wipe their feet on her. The girl that gives herself to her boy-friend before marriage usually has to look further for a husband. A woman that marries a weakling, though she loves him to distraction, is doomed to heartache and disappointment. The man that saves his money and invests it foolishly will lose it. The generous person who gives away all he earns needn't look for luxury in old age. So it comes to this, gentle reader: We take out of life what we put into it, no more, no less, but we have to use good judgment in deciding what we shall put in and where, or we won't be satisfied with what we pull out.

CAROLINE CHATFIELD.

get heavier than usual, but you will live up to what is expected and it will prove of future advantage to you.

Number 1106—Give special care to your diet and avoid worrying and anxiety. You are profuse in your work and should get recognition. Notwithstanding your unusual ability, you are easily discouraged and sometimes abandon big undertakings. Develop more self-reliance. The indications are excellent for your advancement, but do not hesitate to undertake anything that comes along that seems to offer advancement for you, as you are capable of executing it. Other people may show a tendency to forget promises to you, so get them in writing instead of verbally.

Number 112—You are kind-hearted and generous and prone to take the misfortune of others too seriously. Do not try to spread your efforts in too many directions, but settle down to one or possibly two things, which will contribute to a prosperous and useful existence. You will feel like expanding but you should be careful to avoid over-extension or inflation.

Number 701—You are sometimes attracted to those who do not appreciate your refined and sensitive natures, so there may be some misunderstanding with friends. Choose your friends for their intellectual, progressive and artistic qualities.

My Day By ELEANOR ROOSEVELT

ELLSWORTH, Maine, Tuesday.—We spent last night in the Danish village, about six miles before you reach Portland. It is a little place that I have often noticed coming through, and since it looked attractive I thought it would be fun to try it.

We had a vague hope that we might get by without being recognized and causing much excitement, so I sent Mrs. Schneider in to find out if we could get a room and have dinner. I have learned from sad experience that 7 o'clock is the deadline sometimes, and it was already 7:40. Mrs. Schneider returned triumphant with the key to one of the little houses, and word that we could eat dinner whenever we wished. We got out our bags, locked the car and took possession of our abode.

We walked around to stretch our legs, for we had come over 300 miles, and then went in and ate a perfectly good Maine lobster dinner. There is no attempt to give one Danish food.

Only one lady came up and asked me for an autograph. As we were wandering about afterwards I suddenly heard a familiar voice say, "Hello, Mrs. Roosevelt," and I turned to see Dorothy Hill of Buffalo. She is taking a few weeks' vacation after running an institute on public affairs at Wellesley.

On leaving this morning at 7:30 the man at the desk said with joy: "We made the front page of the Portland paper, which is good advertising." So someone was happy.

When I stopped for gas, the man said: "Glad to see you, Mrs. Roosevelt." I asked: "How did you get to know me?" To which he replied: "I read the papers quite a bit."

I enjoy going through these Maine towns and villages. There is a certain dignity about the houses which is very pleasing. For decoration they depend almost entirely on the carving of a doorway, or the fan-shaped window over the door.

All the houses looked rooted in the ground they stand on. They have a cared-for, lived-in look, acquired only by houses which have been homes for generations. These houses are not opened for a month or two and then left by their owners who fly to some other place and some other houses. Here whole lives have been lived, and the house partakes of the atmosphere of the past and present human beings.

I am lunching with Miss Mary Dreier at her white farmhouse out on a point in Southwest harbor. Then we go on to Lubec, Maine, where we take the ferry to Campobello. Miss Cook and Miss Dickerman join us here and go on with us.

AUGUSTA SELECTED FOR U. C. V. REUNION

Veterans To Gather in Georgia Convention on October 7, 8, 9.

State reunion of Confederate veterans will be held in Augusta October 7, 8 and 9, with headquarters at the Richmond hotel, it was announced yesterday by General J. M. Nash, commander of the Georgia division of the United Confederate Veterans.

Decision to hold the convention in Augusta was reached last Saturday when the reunion committee met in Atlanta. Conferring with General Nash were Judge Oswald Eves, Augusta, chairman of the Augusta reunion committee; Colonel Abram Levy, Augusta, secretary of the committee, and Mrs. Harry Craig, Augusta, president of the Augusta Chapter of the United Daughters of the Confederacy.

It is expected that the Sons of the Confederate Veterans and the Confederate Memorial Association will hold state conventions at the same time, the reunion committee said. Plans are under way to hold a joint meeting of the three organizations during the convention period.

Climax to the reunion, the committee said, would be a parade of the Confederate organizations through the streets of Augusta. The parade will be staged on the last convention day, Friday morning, October 9.

UNDERWRITERS' GROUP WILL HEAR ALABAMA

Atlanta life underwriters will hear Bob Bell, insurance man of Birmingham, Ala., discuss "Opportunities for Summer Production," before the regular luncheon meeting of the Atlanta Life Underwriters' Association in Rich's tea room at 12:30 o'clock this afternoon.

During his talk, Bell will dwell upon the three themes of cultivation, concentration and suggestion. Plans for the association's August watermelon cutting and barbecue will be discussed at the luncheon.

PEACHTREE REZONING TO BE DEBATED TODAY

**Amicable Agreement on
Erection of Montgomery
Ward Plant Expected.**

Important developments in clearing up differences between Brookwood Hills residents and officials of the Montgomery Ward Company are expected to occur this afternoon when the city planning commission and representatives of both sides meet at the city hall to again confer on rezoning Peachtree road at Brookwood station for business.

Property owners in the Brookwood section yesterday, through their attorney, notified the mail order company officials they would not agree to rezoning Peachtree road to be used in any way by the company, and that the Willis Jones property at the corner of Peachtree and Huntington should be screened 100 feet along Peachtree and 50 feet along Huntington road and not used for a filling station or parking lot if the land is purchased by the company.

A letter embodying these conditions was sent by air mail to company headquarters in Chicago yesterday after a conference between Robert B. Troutman, representative of the property owners, and Marion Smith, attorney for the Montgomery Ward Company. Troutman said yesterday his clients, who own property and reside in Brookwood Hills, fashionable residential district, felt they were not being unreasonable in asking protection for the trucking, as the way is narrow and is paved for a residential street, not suited for heavy traffic.

Acting Mayor Ellis Barrett yesterday requested Troutman and Smith and Wilbur Kurtz, chairman of the planning commission, to do all they can this afternoon toward ironing out

the difficulties amicably so that council at a special called meeting Monday afternoon can approve an ordinance to rezoning the Peachtree road site for business. Montgomery Ward plans to erect a \$3,000,000 wholesale and retail store, which will employ 2,000 persons, if the zoning can be arranged. Councilmen seemed unanimous in their desire to have the company locate in Atlanta.

Mayor Key, who is fishing in Florida, yesterday was notified of the conference at 9 o'clock this afternoon but is not expected to attend.

Georgians Were Paid \$31,100,000 By Life Insurance Firms in 1935

Life insurance payments to Georgia policyholders and beneficiaries totaled \$31,100,000 in 1935, or \$85,200 a day, a special compilation by the National Underwriter, weekly insurance newspaper, revealed yesterday.

This huge sum represents an average payment of \$10.70 for each citizen and is 26 per cent more than the WPA's expenditure of \$24,690,000 in the state last year. Georgia ranked twenty-first in life payments among all states, while it is fourteenth in size of population.

Atlanta led Georgia cities in life insurance payments in 1935 with \$10,576,000. Atlanta ranked twenty-first among all cities in the country. Augusta was second in payments in 1935 in Georgia with \$1,115,000. Savannah came third with \$1,066,000, followed by Macon, \$972,000; Columbus, \$489,000; Rome, \$457,000; Athens, \$193,000; Thomasville, \$185,000; Brunswick, \$161,000; Valdosta, \$153,000; Nashville, \$136,000; Albany, \$114,000; Madison, \$114,000.

The largest individual life insurance death payment in Georgia last year was \$184,454 on the life of a person, whose name was withheld, of Atlanta. Other large payments were: Alvah Gaskins, Nashville, \$126,000; Frank S. Barron, Rome, \$119,700; George W. Tiedeman, Savannah, \$145,000; Benjamin S. Read, Atlanta, \$93,000; Samuel H. Cox, Atlanta, \$81,500; Samuel H. Wilcox, Augusta, \$79,500; Erastus R. Dorsey, Atlanta, \$74,810; Eugene R. Black, Atlanta, \$71,976; William L. McCarty, Augusta, \$64,500; Oscar D. Dalton, Valdosta, \$50,000; William W. Hartness, Macon, \$40,485; Paul W. Duffie, Atlanta, \$39,330; Frank M. Akers, Atlanta, \$37,500; Alfred G. Robinson, Thomasville, \$35,890; Edward B. Eisenhardt, Atlanta, \$34,676.

INSURANCE PAYMENTS REDUCED SINCE 1935

CHICAGO, July 22.—(P)—Life insurance payments totaling almost three billions of dollars were made to policyholders and beneficiaries in the United States and Canada during 1935, the insurance magazine, the National Underwriter, reported today.

The exact figure was given as \$2,908,633,302. This was \$200,000,000 below the 1934 total, \$3,108,633,302. The reduction since last year was due to two reasons, the magazine said: First, “because of the decided improvement in business and general economic conditions,” fewer persons had to stop payments and cash in on their policies; and second, prevailing low interest rates on investments cut down dividends.

The 1935 payments, the magazine continued, boosted the five-year total to nearly \$16,000,000,000, or “over \$10,000,000 for every working day.” The death of the late Will Rogers, the comedian, in a plane crash with Wiley Post occasioned the fourth largest individual payment, the report related. It was \$582,000.

Mr. Rogers had nearly \$1,000,000 of life insurance at one time,” it was explained, “but most of this was in endorsement policies which matured before his death.”

Rogers' insurance was executed by that of the late Benjamin Benschiger, of Chicago, president of the Brunswick-Balke-Collender Company, with \$2,500,000; the late Calvert B. Cottrell, of Westerville, R. I., president of C. B. Cottrell Sons Company, with \$1,020,000; and the late John G. Treanor, of Los Angeles, with \$670,783, all of whom died last year. Automobile accidents were given as the basis for death claims of \$35,000,000. This figure covered only death

losses and did not include “millions paid for disability and under automobile liability contracts.” Permanent disability payments aggregated \$96,656,355, a 1 per cent jump from the 1934 figure of \$95,319,222.

Double indemnity payments went down 5 per cent from 1934's total of \$22,873,071 to \$21,691,081. Group insurance, the report said, was “increasing markedly,” about \$80,000,000 being paid out in 1935 on 45,000 lives covered by blanket policies taken out by employers.

MRS. Z. V. PETERSON ASKS RE-ELECTION

**Veteran School Board Member
Qualifies for Race in
Second Ward.**

Mrs. Z. V. Peterson, veteran of nine years on the city board of education, yesterday was a qualified candidate for re-election to the board from the new second ward, which is comprised of the old eleventh and twelfth wards. She is now chairman of the buildings and grounds committee, and a member of the textbooks, cafeteria, health and military and athletics committees. She was chairman of the buildings and grounds committee in 1934, when many of the federal aid projects were inaugurated.

Her statement on her announcement as a candidate follows:

“My years of experience on the school board have given me a better understanding of school problems and a deeper concern in the education of the children of Atlanta. I have made it my business to visit the schools often enough to keep in touch with the needs of the schools, and have tried to see that these needs were met as far as it was possible to do so with the money available.

“I am proud of the Atlanta school system, which through years of effort has been raised to the level where it is recognized as one of the six best school systems in the country. I shall do nothing to destroy the efficiency

of the system, but on the other hand shall devote my efforts to building up and perfecting the system. I have stood firmly for the board's living within its budget and shall continue to do so, placing the education of the children as of first importance, giving due consideration to the welfare of employees, and exerting every effort to secure satisfactory housing conditions for all children in Atlanta.”

ATLANTANS OFFER PARK PURCHASE AID

**Underwriting of Auditorium
Approach Plan Reported
Volunteered.**

Prominent Atlantans have already volunteered to underwrite purchase of the plot in front of the city auditorium for a centrally located park, if plans can be worked out, it was announced yesterday by Councilman John A. White, chairman of the buildings and grounds committee, after it became known from unofficial sources that WPA will construct the park if the city acquires the land.

White said he had been informed that WPA would be willing to make a project of the park and construct and beautify it if the city bought the necessary plot of ground bounded by Edgewood avenue, Gilmer and Courtland streets.

Several well known Atlantans, who wish their names withheld, have already offered to underwrite the purchase of the ground on the basis of repayment in five years, it was said.

Tax assessors yesterday revealed that the proposed park ground is valued at \$137,000 under current markets, although in 1929 the valuation was higher.

Agitation to acquire the title for the city of Atlanta so that WPA could make plans for construction and beautification, is now under way in several quarters.
